

DRILIMOLDE

passion for precision

YOUR MOLD PRODUCER

ABOUT US

Drilimolde is a mold company established in 1997 right in the middle of one of the biggest mold clusters in Europe: Marinha Grande, Portugal. We are specialized in different kinds of high-quality plastic injection molds and several related molding services. In every project, we carefully study the most cost effective design and manufacturing solutions that assure all our customer requirements.

DEFINITION

Our clients have defined us as a top supplier, with a good understanding of what lead time, quality and price mean to them.

To keep those high standards, we are constantly upgrading our equipment with the most recent technologies and optimizing our organization with procedures such as the NP EN ISO 9001 standard certification (project underway).

EXPORT MARKETS

BELGIUM

RANGE OF PRODUCTS

We are focused on manufacturing plastic molds for:

/ AUTOMOTIVE

/ ELECTRIC COMPONENTES

/ HOUSEWARES

/ AGRICULTURE

DRILLING SERVICES

WATER | OIL | SCREW | PINS | GUIDS

/ 4 DRILLING MACHINES TOS
Deep drilling

/ 1 DRILLING MACHINE
MAS V050

MILLING SERVICES

BLOCKING PROCESS AND
MILLING FINISHED

Mold base | Aluminium | Prototypes

/ 1 CNC LAGUN
3000 x 1200 x 1000

/ 2 MILLING CENTER SUNMILL
1400 x 720 x 610

/ 1 PORTIC MILLING CENTER AWEA
2500 x 1600 x 800

GRINDING SERVICES

/ 1 PERFECT GRINDING MACHINE
2000 x 800 x 700

YOU NEED IT, WE MAKE IT!

We are deeply engaged in continuing to be recognized for the works carried out with great quality, at competitive prices and with an excellence follow up service. It's in our core values. It's our passion!
