

PECAN

from orchard to shelf
along with other
NUTS and DRIED FRUITS

**PECAN STAR
& NUT CORP**

**STAR DEL
NORTE**

Star del Norte and its subsidiaries
grow, select, shell, sort
and clean pecans.

Our flexible and dynamic operation
gives us an advantage to pack our
products in different sizes and
presentations.

We are committed to a continuous
growth and improvement.

*Planting new trees allows us to increase our own supply
as well as increasing the shelling and storage capacity.*

Star del Norte's priority is our customers.

Having fresh quality products always supported
by our **FOOD SAFETY** program to make
our nuts and dried fruits
the best options for consumers.

As a part of our
commitment to the
planet we proudly
generate clean energy.

Solar panels and solar water heating
systems supply part of our electric
needs, *we contribute to a better world
for our community that surrounds us.*

We have a global vision of the market
and provide our products to many
industries including retailers,
wholesaler, distributors,
manufactures as well as our
