## START UP

The world is demanding better conditions for the people who work on the fields and their families, as well as the respect to the earth and sustainability within the supply chain.

## PRODUCERS

We select our suppliers as follows:

- Producers that have clean procedures.
- Good practices within their production fields.
- Best products to preserve the earth.
- Best conditions for their workers.
- Best labor practices for their employees and their families.

## ACTUAL MARKET

We are focused to export to the UAE and the MENA countries, as well as the North America market and Europe.

**MEXICO IS A COUNTRY THAT IS CAPABLE TO SUPPLY MOST OF THE FRESH PRODUCTS REQUIRED IN THE WORLD.**
