“Creativity To A Higher Degree”

Testimonials: Barbados Tourism Marketing Inc.

In our very first campaign for the year we have seen record breaking levels of engagement on our social media channels. We utilized various romantic scenes and videos you captured for us around the island. The Visit Barbados Facebook page increased page “likes” by about 7000+ while maintaining a record setting engagement level of 11.5K+. This is the highest number I have seen across our Caribbean competitors. I would like to continue these small tactical executions into the new financial year and fully maximize the content your company has captured for us. Kudos to you and the 13 Degrees North team!

Manager Digital Marketing & Social Media,
