

TWEENOLOGY CATALOGUE

South Africa's
first plantbased
skincare range
for tweens

OUR WHO, WHAT & WHY?

The Who? Our clientele are girls & guys between 8-12 years old, but we do also have younger & older customers who adore how Tweenology makes their skin feel. For most of these, it will be their first introduction to taking care of their skin and taking responsibility for their own cleanliness.

The Why? Tweenology started when we could not find a natural & delicate face wash & cream for my tween. After searching for a long time and only finding either products with bad ingredients in or natural products with activated ingredients for more mature skin, we decided to make it ourselves and launched it for the first time on 9 March 2021! Besides this fabulous skincare products we also saw the need to affirm positivity, confidence, acceptance and strength into our tweens, so the Affirmation bracelets were born (which took SA by storm!). We hope you love Tweenology as much as the South African tweens do!

The What? A tween is a child that is inbeTWEEN being a small child and a teenager. Nor here nor there. It is a cocoon phase where they not only grow in length, but where they grow emotionally, start comparing themselves to others and might start noticing some hormonal and physical changes.

We are incredibly proud to say that in 18 months and thousands of orders, we have only had 5* reviews. We have never even had a 4* review. No returns and 100% happy customers!

“ Takes our breath away

My 11 year old daughter and 9 year old son just love this product. It smells like Devine reminds us of the being on holiday and both kids love the feeling after washing and applying the moisturizer. Their skin is silky soft. I have recommended to friends of mine. Thank you for the affirmations that come along with it. Will most definitely continue using Tweenology

I have been battling to find skin care products for my 11 year old son. There are lots of options for girls but boys are completely excluded. not to mention the chemical compound of most store products. I took a chance after seeing an add on instagram and purchase Tweenology.. the order arrived very quick and my son couldn't wait to try them. He loves them and has asked for more!!

Thank you Tweenology for including boys and for such an amazing natural product! I have shared your details with all our friends and my sons friends 🌍

Great product for girls!

My daughter loves her new face soap and face cream. I have been looking for products for girls her age and could not find anything. I think it is important to start at a young age looking after one's skin. And she has embraced using the products. They smell great and overall a great product to start her skin care routine.

Thank you!

Smells like heaven!
This face wash is simple to use, yet leaves both my daughters' faces soft and clean. The smell almost resulted in them wanting to lick the container - pudding in a jar.
