Our Customers

We have clients that started with us more than 12 years ago and we have witnessed their growth. As it has increased its production capacity, its evolution in the areas of design and manufacturing the expansion of its physical and labor plant.

With the use of SolidWorks they consolidate the positioning in their countries daily, and each year they place in our hands the trust in service, support, training and acquisition of new technological solutions.

What our customers say...

“The software as such became an essential tool for the design part of the company and the technical support service exceeds expectations, from the training received and then consultations via e-mail or telephone, professionalism and technical capacity are excellent. . ”

MAURICIO BARRANTES - OBERG INDUSTRIES

“From 3Designers we have received excellent treatment, timely and fair support. I would surely recommend to anyone the service they provide. In addition, their level of professionalism and customer service denote an interest and commitment to their customers. ”

DAVID ANCHÍA - SMITH & NEPHEW

What our customers say...

"In my opinion it has been an excellent service, the speed and commitment of 3Designers as a provider stands out, being able to solve any doubt or query quickly and easily, as well as the great knowledge and capacity of 3Designers as a work team."

WAYNER BEJARANO - OBERG INDUSTRIES

"3Designers has been characterized by always being aware of our needs as a customer, giving immediate support and keeping us updated with the latest news from SolidWorks. In addition, the training provided by 3Designers has helped us use SolidWorks efficiently and learn new ways to make the designs, with this they have also shown us the extensive knowledge they have of all SW tools. "

LUIS MATAMOROS - SMITH & NEPHEW

Presence

OFFICIAL TRAININGS

- ▷ Official Training of DS SolidWorks Corp. given by our Certified Instructors.
- ▷ World Class level training
 - ▶ Teaching methodology based on cases developed by DS SolidWorks Corp.
 - ▶ Initial basis for taking the different SolidWorks Certifications.
 - ▶ Short learning curve.
 - ▶ Official Training Manuals printed directly by DS SolidWorks Corp.
 - ▶ Class Files
 - ▶ Training Software License.
 - ▶ SolidWorks Certified Trainer face-to-face.
 - ▶ Experience of more than 15 years teaching SolidWorks classes.

SolidWorks Subscription Service

The SolidWorks Subscription Service Program provides customers with access to Automatic Updates, Technical Support and High Value Added Sources.

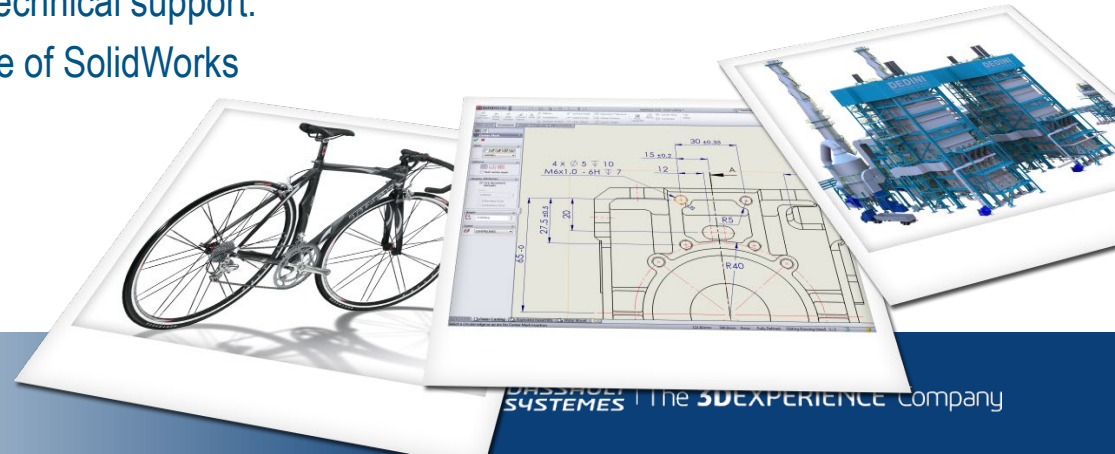

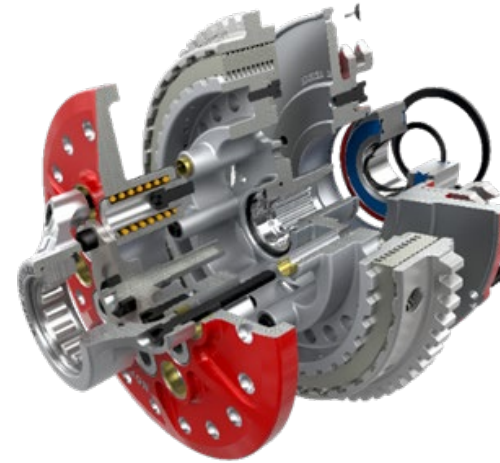

We will present the benefits for active Subscription Service in next slides

BENEFITS

▷ Main Benefits:

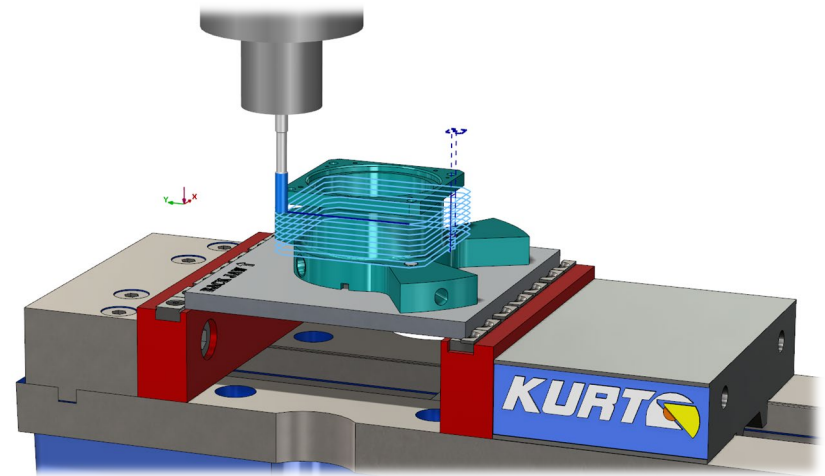

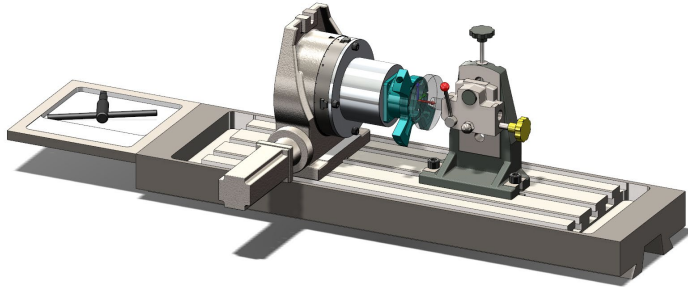

- ▶ Access to specialized products as SolidWorks CAM and SolidWorks Visualize at no additional cost.
- ▶ Free access to the Official SolidWorks Certification Program.
- ▶ Access to exclusive customer portals: My SolidWorks and SolidWorks Customer Portal.
- ▶ First class preventive and corrective technical support.
- ▶ Help in terms of functionalities and use of SolidWorks solutions.

SPECIALIZED PRODUCTS

▷ SolidWorks CAM

- ▶ CNC programming within SOLIDWORKS
- ▶ Machining of parts and assemblies
- ▶ Travel simulation, Speed, etc ...
- ▶ 2.5 axes Mill
- ▶ 2 axis Lathe
- ▶ 3 + 2 axis Mill

SPECIALIZED PRODUCTS

► SolidWorks Visualize

- Powerful rendering engine unique in its class
- Professional photo quality images
- Animations and other interactive 3D content
- Create virtual reality content

CERTIFICATIONS PROGRAM

- ▷ Internationally recognized program.
- ▷ Measure and validate knowledge and skills.
- ▷ Increase the level and deepen knowledge in SolidWorks.
- ▷ Certifications of Basic, Intermediate and Advanced level without cost.

- ▷ CSWA
- ▷ CSWP
- ▷ CSWA-Additive Manufacturing

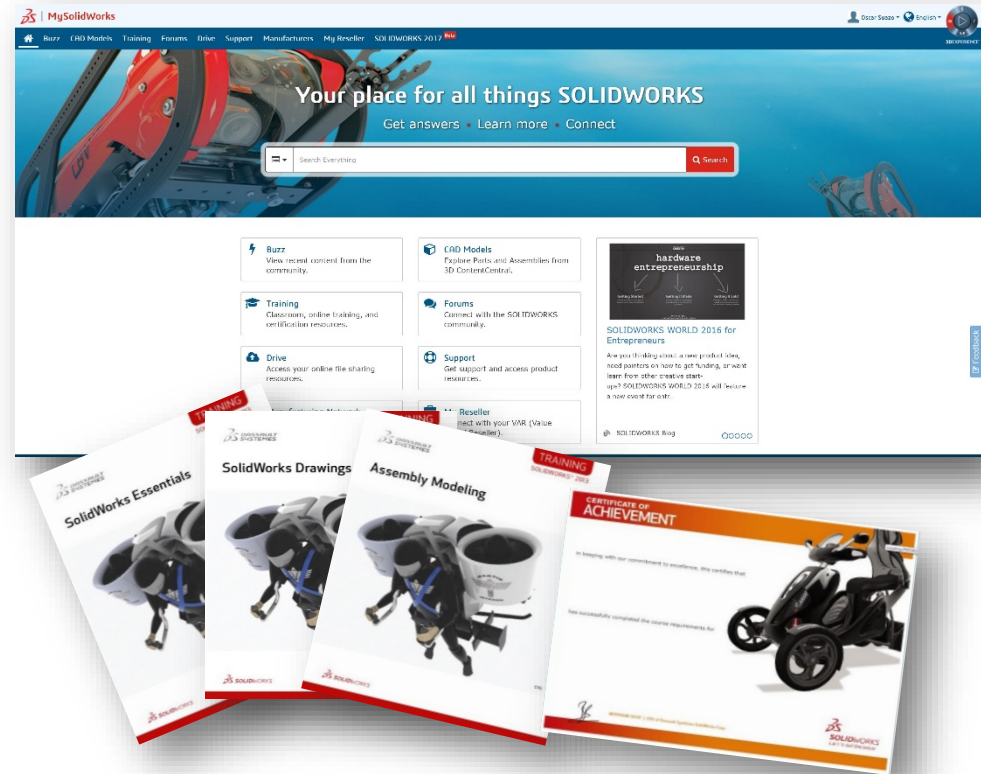

- ▷ CSWPA-Sheet Metal
- ▷ CSWPA-Weldments
- ▷ CSWPA-Surfacing
- ▷ CSWPA-Mold Making
- ▷ CSWPA-Drawing Tools

**CERTIFIED
Professional**

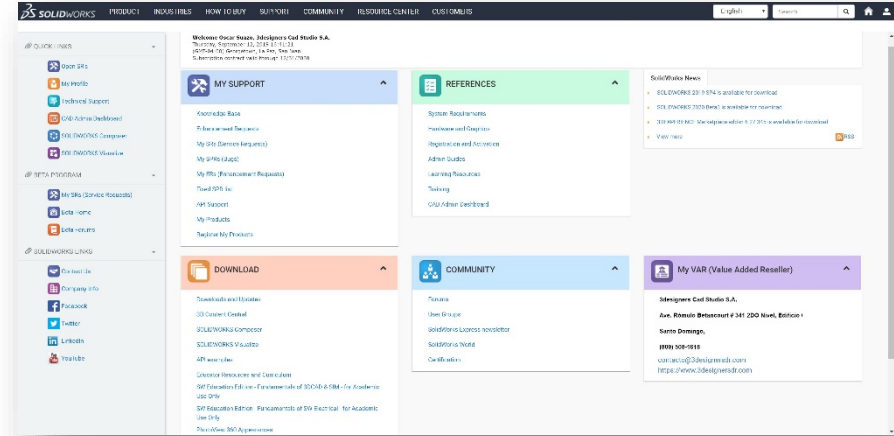

3D SOLIDWORKS

MY SOLIDWORKS

- ▶ Hundreds of hours of training in videos, eCourses and Learning Paths
- ▶ CAD models for download
- ▶ Help forums
- ▶ Online software for testing
- ▶ Online file storage
- ▶ Manufacturing Services

- ▷ Exclusive Customer Portal
- ▷ Download updates (Service Packs)
- ▷ Download New Versions
- ▷ Access to Beta software
- ▷ Product Management
- ▷ Installation and Administration Guides
- ▷ CAD Admin Dashboard

TECHNICAL SUPPORT

- ▷ Problem Solving by Certified Expert Personnel with more than 12 years of Experience.
- ▷ Telephone and / or audiovisual assistance remote and / or face-to-face by certified technicians.
- ▷ Access to Knowledge Base
- ▷ Assistance in hardware selection, installation and activation and administration of DS SolidWorks Corp products.
