Goedert Group

Choosing **nobre**

- ✓ Sustainable Actions
- ✓ Affordable Solutions
- ✓ Complete Mix
- ✓ Innovative Products
- ✓ Quality and Reliability
- ✓ Social Actions
- ✓ Ethics and Compliance
- ✓ Goedert Partner

When you choose our products, you get a lot more than just cleanliness and protection.

You choose to be part of a value chain that makes a difference.

It's because we no longer want to be just another industry.
We want to be the one that takes care of everyone.

That's why we value our business partners, offering sales and after sales support. We are also aware about our actions on the globe and society, making efforts towards the adoption of environmental preservation policies, both inside and outside the company, also while promoting social campaigns in communities.

But all that is only possible when we join our strenghts and make Nobre choices. Join us!

Chemicals Line

GREATER SAVINGS ON CONCENTRATED PRODUCTS

Dilution must be done according to product type and cleaning necessity.

As shown in the side illustration, 100ml of product can be used for 1L of Water for a light cleaning or 1L of product to 10L of water for a larger cleaning.

It's very important to follow that proportion, always.

DILUTION 1:10

1 portion of
the product

10 portions of water
