

# ABOUT US

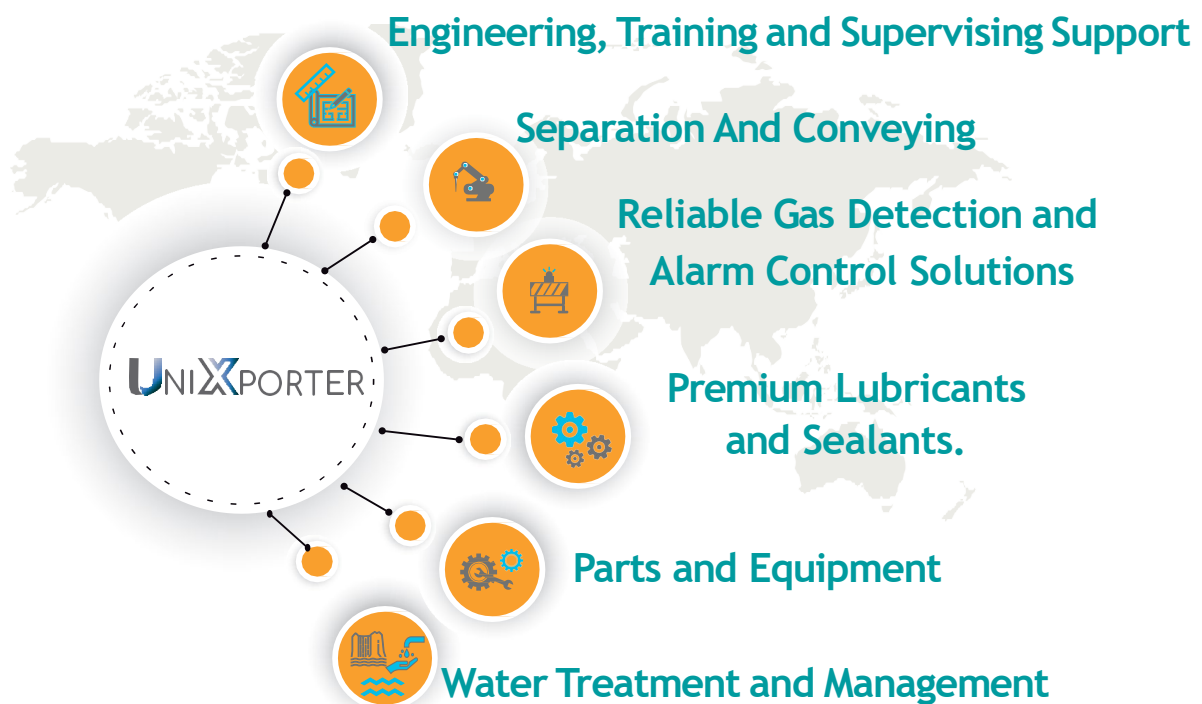

UniXporter is committed to identifying and delivering technology solutions to energy and industrial sectors around the world.

With over 20 years of experience in the energy sector, our conglomerate focuses on delivering technology, engineering, and business support to operators, industrial, and service companies.

Our focus is to fulfill our client's expectations through prompt delivery, competitive prices, and product diversification.

## OUR SERVICES

## Separation And Conveying

# Separation And Conveying

## Waste Oil & Water Treatment

- Waste Oil Recovery
- Municipal Sewage Sludge Treatment
- Sand & Gravel Washing Water
- Oil Sludge Treatment
- Drilling Mud Treatment
- Dredge Slurry Dewatering

# Separation And Conveying

## Chemical & Mining Industry

- Chemical and Pharmaceutical
- Ore and Minerals Separation
- Grinding and Polishing Liquid
- Plastic Recycling
- Soda Plant Waste
- Pulp & Paper Waste

# Separation And Conveying

## Food and Beverage Industry Equipment Supplies

- Wine & Beer Centrifuges
- Fruit & Vegetable Juice
- Starch Decanter Centrifuge
- Protein Centrifuge
- Gas Detection

# Separation And Conveying

4 panel Shale Shaker

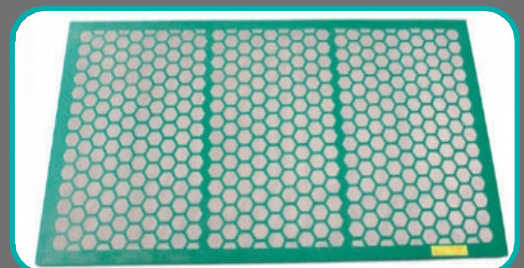

Vertical Cutting Dryer

Vacuum Pump

Centrifuge decanted 9 in & 22in Equipment

Shaker Screens

## Water Treatment

# Water Treatment and Management

## Scope

- Process optimization engineering services
- Optimization of Water Systems
- Modular treatment systems
- Treatment of Wastewater
- Water utilities (Private/public)
- Industrial/Commercial Water Solutions
  - ✓ Food & Beverage
  - ✓ Energy
  - ✓ Oil /Gas
  - ✓ Industry
  - ✓ Hospitality
  - ✓ Pharma
  - ✓ Pulp & Paper
  - ✓ Textile

# Water Treatment and Management

## Systems and Technology

- The systems are customized innovative sustainable clean water solutions.
- Our partner provides process engineering optimization services and customized innovative consulting engineering services for process optimization (existing / new construction)
- Our partners have deep experience in the following:
  - ✓ Decentralized Wastewater Technologies:
    - Biological Wastewater Treatment
    - Industrial & Domestic Wastewater Recycling/Reuse (Electrochemical/Electrooxidation)
    - Grey water Recycling & Reuse Systems (Electrochemical/Filtration/Disinfection)
    - Advanced Oxidation Process
    - Treatment Medias & Chemicals
  - ✓ Decentralized Water Technologies:
    - Seawater & Deep Well Reverse Osmosis Desalination
    - Filtration Systems
    - Advance Oxidation
  - ✓ Drinking Water & Wastewater Treatment Services(Existing Retrofit & New Construction:
    - Process Optimization Engineering Consulting Services for Drinking Water Treatment Systems
    - Process Optimization Engineering Consulting Services for Industrial/Domestic Wastewater Treatment

## Reliable Gas Detection and Alarm Control Solutions

# Reliable Gas Detection and Alarm Control Solutions

## TECHNOLOGY OFFERED

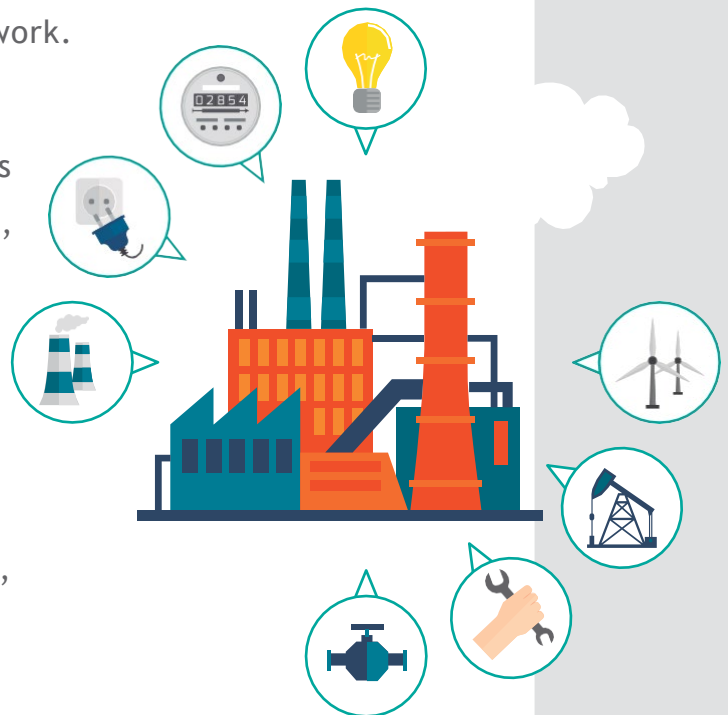

Solution for critical alarm control requirements for monitoring and detect multiple types of gases.

- |                    |                     |                    |
|--------------------|---------------------|--------------------|
| ➤ Ammonia          | ➤ Hydrogen          | ➤ Ozone            |
| ➤ Arsine           | ➤ Hydrogen Chloride | ➤ Pentane          |
| ➤ Benzene          | ➤ Hydrogen Cyanide  | ➤ Sulfur Dioxide   |
| ➤ Carbon Dioxide   | ➤ Hydrogen Fluoride | ➤ Ethylene Oxide   |
| ➤ Carbon Monoxide  | ➤ Hydrogen Sulfide  | ➤ Fluorine         |
| ➤ Chlorine         | ➤ Methane           | ➤ Nitrogen Dioxide |
| ➤ Chlorine Dioxide | ➤ Nitric Oxide      | ➤ Oxygen           |

Our Partner offers 26 unique hopping patterns to allow collocating of networks within the same area; each with a single server. Clients receive the beacon and know how to stay in sync with the network.

Our System Provider has a professional engineering team that can provide solutions for fire & gas detection system engineering, from system design with a detailed wiring diagram to site startup and commissioning service.

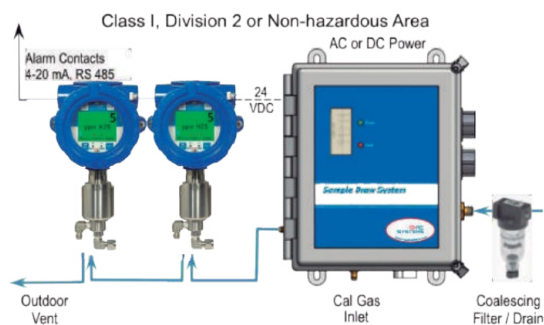

We offer not only the standard detectors and controllers, but also any other systems required by the customer, such as PLC, HMI, or SCADA system.

# Reliable Gas Detection and Alarm Control Solutions

## OPTIONS AND ACCESSORIES

- Gas and Flame Detectors
- Dual, Quad and up to 64-channel controller
- Wireless Systems
- Sample Draw Systems
- Diagnostic Tools
- Alarm Bars and Relays
- Spare Gas Detection Sensors
- Calibration Gases, Kits and Accessories
- Alarm Options
- Controller Expansion Options
- Controller Mounting Options
- Controller Option Boards
- Power Supplies
- Gas Detector Options
- Antennas
- Cables

**Premium Lubricants and Sealants**

# Premium Lubricants and Sealants.

## CHEMICAL & MINING INDUSTRY

Our provider is an ISO 9001:2015 and ISO 14001: 2015

Houston based manufacturer of premium lubricants, sealants, specialty industrial products, greases, degreasers, cleaners, pipe dopes, wireline sealants, wireline sprays, thread compounds, honey oils, valve lubricants and coatings for oil field use.

# Premium Lubricants and Sealants.

## PRODUCT CATEGORIES

- INDUSTRIAL PRODUCTS
  - Coating and Varnish
  - Solvent
  - Metal Protectors
  - Rust release
  - Forging Dye Lube
- PIPE DOPES
- THREAD COMPOUNDS
  - Thread Sealant
  - Fiberglass sealant
  - "ONE-SHOT" Storage & Running Compound
  - Lead & Zinc Free Thread Compound

## COATINGS

- WIRELINE PRODUCTS
- VALVE LUBRICANTS AND SEALANTS LUBRICATING SEALANTS
- OILS
- GREASES
- DEGREASERS AND CLEANERS

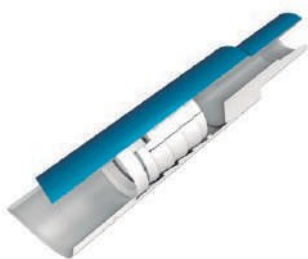

## Parts and Equipment

# Parts and Equipment

## PARTS AND EQUIPMENT

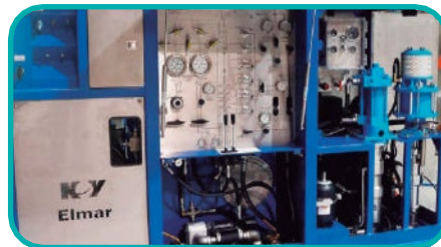

- Artificial Lift
- Digital Solutions
- Drilling
- Frac Flowback
- Geothermal Solutions
- Industrial Products and Solutions
- Intervention
- Offshore Construction
- Offshore Production

# Parts and Equipment

## PARTS AND EQUIPMENT

- Onshore Production
- Pipeline
- Energy Transition
- Saltwater Disposal
- Service and Repair
- Stimulation
- Well Completions
- Well Floating Equipment
- Well Control
