**Tea sommelier & blender**

(certified by El club del té- Victoria Bisogno and  
Jane Pettigrew from UK Tea Academy)

**2016-2024**

# DID YOU KNOW?

Argentina is the 9th tea producing country in the world and exports about 95% of its tea production (mostly black tea). Around 95% of its production being concentrated in the Province of Misiones. With a good color, no suspended solids and a high content of natural antioxidants, this national product is distinguished in the world for its characteristics for the preparation of ice tea.

Argentina also is the first producer and exporter of yerba mate (325.000.000 kg exported in 2023)

Tea and yerba mate  
blends**

We are a young enterprise that bets on added value and quality in the product we deliver to our customers, making their shopping experience the best.

We are located in Parque Ecológico El Doradillo, Puerto Madryn, Patagonia

# Why you should choose a loose leaf tea?

It preserves its natural flavors and health properties intact, and can be infused multiple times

It's a great and versatile drink with many forms of use (gastronomy, mixology)

It invites you to give yourself a moment to relax and prepare it, taking care of each step in its infusion.

It allows you to discover that "tea has its world", and we invite you to know it.

# Choose your favorite
