FURUIQI®

FUAN RICH ELECTRIC MACHINERY CO.,LTD.
FUJIAN DEWEIDA IMP&EXP.CO.,LTD

ISO9001 : 2015 CE RoHS

RUIQI Profile

Fuan Rich Electrical Machinery Co., Ltd. is located at Fuan City, which is the electrical appliance town in Fujian Province, China. Also it is the biggest production base of small and medium electric machines with convenient transportation and flourishing logistics.

Our factory is more than 3000m², including several production lines such as painting, assembling, and packaging, etc. To ensure the parameters of our products to meet the standards, we established our own testing rooms specially, so that we can inspect strictly for each batch of products.

We focus on producing water pumps for more than 15 years. It practices the ISO9001 quality management system and the management model of kindness oriented, carries out the brand strategy, insists on the spirit of scientific innovation, and takes the market as its guideline to ensure quality standards and continuously develops new products. In order to achieve products integration and open diversified exporting channels, we takes "set up enterprise image and create the first-class brand" as its managerial policy. At present, it has several kinds of products that completes in specifications, which are exported around the world and well-accepted by clients.

We pursues the operation philosophy of "win by quality and good faith oriented" to keep forging ahead and be active in innovation, in order to offer customers the best service. We sincerely welcome all friends at home and abroad to cooperate with us to develop business and create a brilliant future together.
