

PURO AVENA SINGLE

80 gram bar packed in bilaminate polypropylene case.

PRODUCT DESCRIPTION

The Puro Avena moisturizing bar is designed for any type of skin, sensitive, oily or prone to rashes. It has the property of absorbing the dirt and natural residues that accumulate in the pores, and its proteins keep the skin permanently protected, achieving moisture on the skin and exerting an emollient action on it. Accompanied by the vitamin of youth and life with an energetic effect against free agents, which cause the aging process of the skin, it protects it from environmental pollutants and from sun rays.

INSTRUCTICIONES FOR USE

In the usual hours wash your face and body, gently sliding Puro Avena on the surface of the skin, with circular movements. A thin layer of Puro Avena in contact with the skin for a few moments, will exert a moisturizing action that will remain even after rinsing with abundant water, to leave cleaning, softness and protection of the skin.
