INTERNATIONAL PRESENTATION

- Agrivale is born
- 88ha and 130 employees
- BRL1.2-million investment

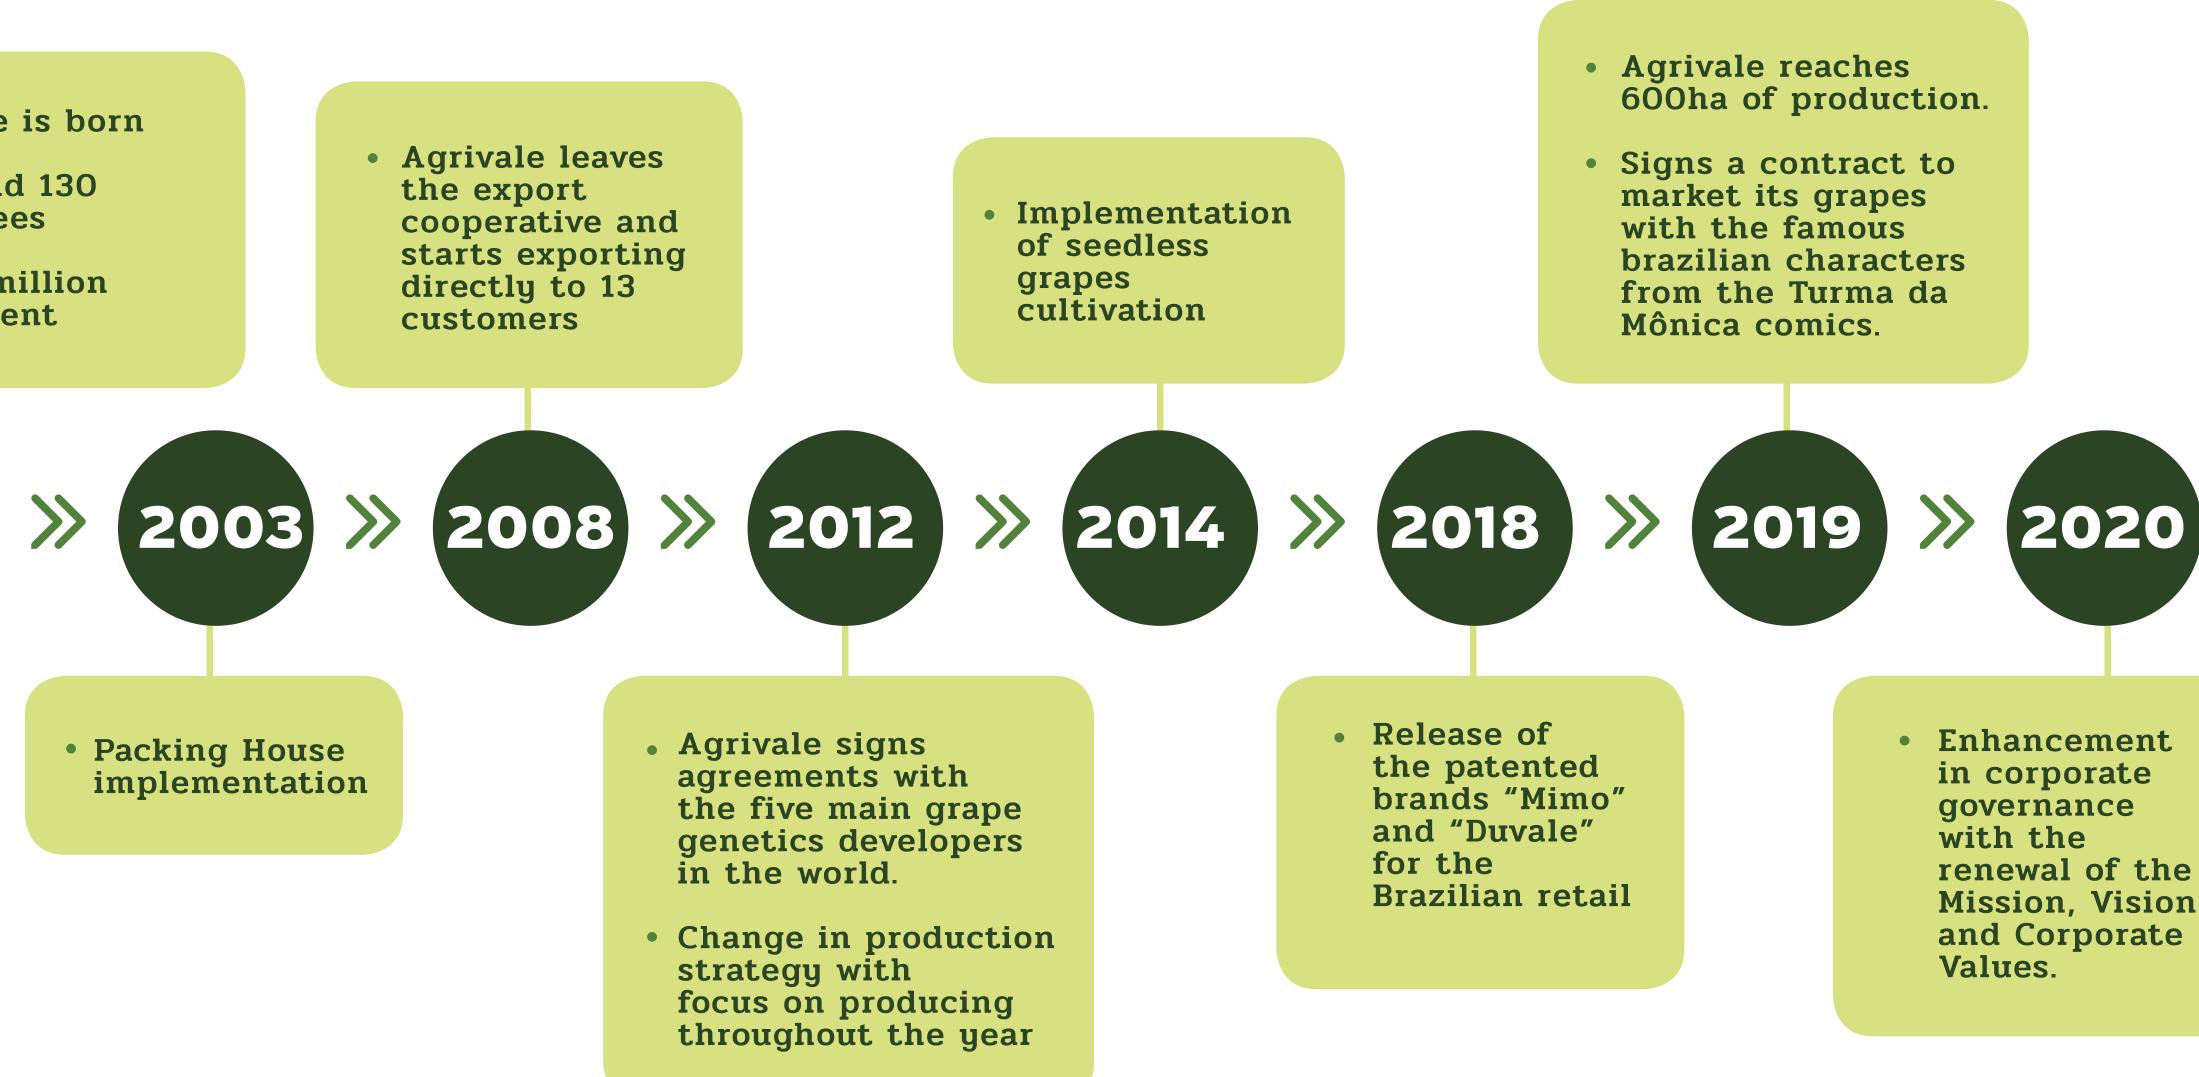

• Agrivale leaves the export cooperative and starts exporting directly to 13 customers

1996

 Packing House implementation

- Agrivale signs agreements with the five main grape genetics developers in the world.
- Change in production strategy with focus on producing throughout the year

AGRIVALE'S HISTORY

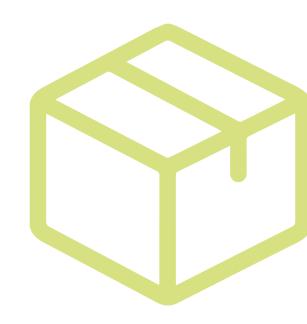

STRUCTURE OF AGRIVALE

+200.000kg **365 pallets** per day

Processing capacity of Packing House

98% efficiency

Drip irrigation

Agrivale by maintaining good practices and sustainable attitudes as a percentage of recyclable plastic in packaging and monitoring of Carbon Footprint, became the table grape producer with the most certificates in Brazil.

INTERNATIONAL CERTIFICATES

Global attestation that all stages of production are geared towards minimizing environmental impacts and the use of chemicals, with a constant concern to ensure workers and animal life.

Guarantee to always keep the commitment to offer grapes free of risk to health and hygiene.

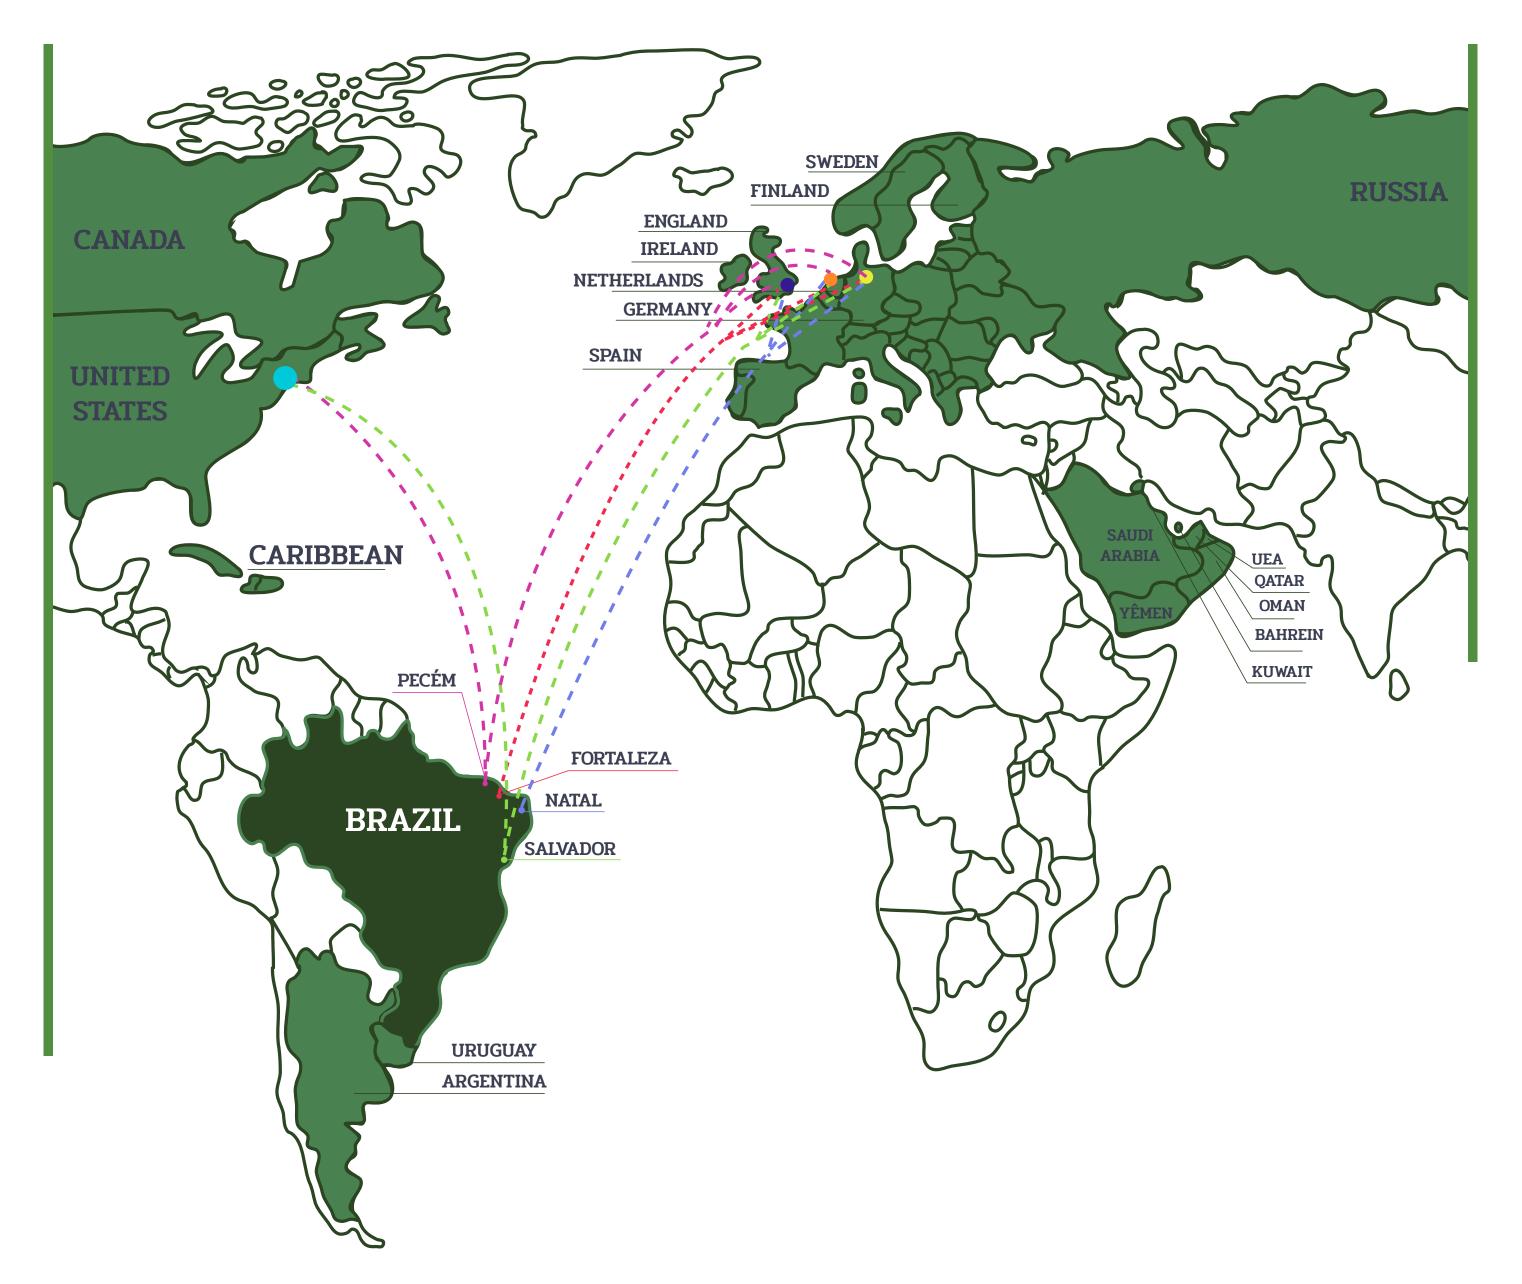

Certificate that guarantees good working conditions and respect for workers' rights.

Commitment to the health, safety and well-being of workers.

Exportation to 4 continents, highlighting Germany, the Netherlands, United Kingdom, Scandinavia, Ireland, United States, Canadá, Argentina and Middle East.

INTERNATIONAL TRADE

PORTS OF ORIGIN:

- Natal
- Pecém
- Fortaleza
- Salvador

PORTS OF DESTINATION WITH DIRECT ROUTE:

- Rotterdam (13 to 16 days) London Gateway (11 to 15 days) Hamburgo (17 to 20 days) Philadelphia
 - (10 to 15 days)

Transshipment routes from Rotterdam to Iberian Peninsula, Middle East, Baltic, Scandinavia and Mediterranean sea.

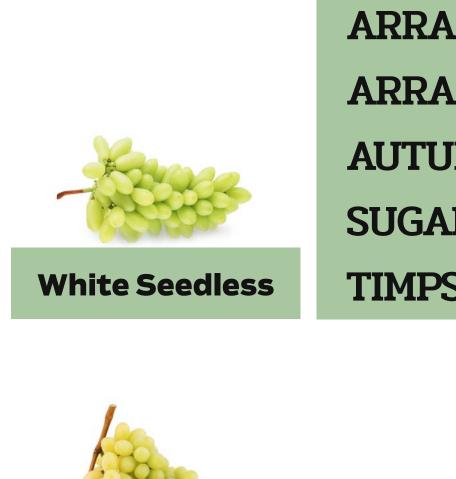

OUR GRAPES

Agrivale has a fantastic mix of flavors, aromas, and crunchiness, as well as intense colors: green, red, and black.

The region of Vale do São Francisco, where Agrivale is located, produces more than 390 thousand tons of table grapes per year.

The quality and consistency of production, regardless of seasonality as in other regions, allows Agrivale to produce grapes throughout the year, for 52 continuous weeks.
