# Bonare Tomato Sauce for Ratailing

# Bonare Tomato Sauce for Wholesale

Bonare Traditional – For who makes a in natura tomato sauce or uses a traditional sauce. The most of our costumers use this Traditional Sauce as a base for their recipes, giving it their own touch. Can be used for any type of recipe.

Bonare Pizza – Because it has a stronger flavor than the Traditional Sauce, it has been well accepted in the Food Service. Suitable for Pizza and Pasta in general. Ideal for those who like Flavored Sauces. It has a special touch of oregano!

Bonare Hot Dog – It is presented as a good option for hot dog's cars and also for hotels (most of them have sausage cooked in the sauce for breakfast)

## KETCHUP - Bottle (Top Down Package) and Pouch

Bottle w/390G

Pouch w/190g

## But, what means a Top Down Package?

- Kind of bottle which cover stays at bottom of package.
- The cover possess a metering valve which controls the product flow.
- This is a request from the market, expands the viewing at racks.
- Clear bottle that allows the consumer to see the real product.

## KETCHUP ZERO

- Zero Version – No addition of sugar .
- Was developed for people who cares about a healthy lifestyle.
- You can eat a product with colour, **FLAVOUR** and consistency, without guilty!
- Completes this category products of Bonare® brand.

**AND, WHAT TOTALLY MATCH WITH KETCHUP??**

## Barbecue Sauce

- It has a smoked flavor, usually used in barbecues, sandwiches, fries and even in pizzas - replacing the tomato sauce.
- Includes ingredients such as tomato sauce, vinegar and spices.

## Mustard

**Yellow** – Smooth condiment, vivid colour with tumeric.

**Dark** – The darkest color comes because of concentration of grains. Spicy flavor. Very appreciated by oriental cuisine.

**Dijon** – From France, use in your formulation grape juice and wine (White or burgundy) instead of vinegar.

## MAYONNAISE - Share by package

## MAYONNAISE is an unsaturated fat

### Unsaturated Fat

vegetable oils

**liquid** at room temperature

increase levels of **“good”** cholesterol (high-density lipoprotein)

high-density lipoprotein, or HDL, “grabs” LDL and escorts it to the liver where **LDL is broken down and eventually removed from the body**
