

PURE and NATURAL SKIN CARE

We source premium botanical extracts, essential oils, and potent antioxidants from around the globe, ensuring that every drop of our skin care formulations offers unmatched benefits.

CARING, BALANCED and RESPONSIBLE

We understand the importance of ethical choices and the impact skin care products can have on both the environment and personal values. That is why all AVRA products are suitable for vegans, free from parabens, pH balanced, and never tested on animals.

Our products are formulated using a combination of vitamins, minerals, and superior cosmeceutical ingredients. These carefully selected components are the key to bringing life to beautiful, healthy-looking skin.

SCIENTIFIC, NATURAL RESULT-DRIVEN SKIN CARE

At AVRA Wellness, we are committed to providing scientific, natural, and result-driven skin care solutions. Our carefully formulated range of products is designed with gentleness in mind, catering to all skin types and addressing a variety of skin concerns.

Our name AVRA, Greek for breeze or aura, evokes the refreshing nature of our products, unravels your skin's aura, symbolises the synergy between nature and science, and embodies simplicity and elegance.

Whether you are dealing with pigmentation, active acne, acne scarring, or simply seeking rejuvenation and restoration to youthful skin, AVRA has you covered.

VEGAN

PH BALANCED

PARABEN-FREE

CRUELTY-FREE

AHA CLEANSER

This gel-foaming cleanser helps remove dead surface skin cells, daily impurities, and excess oil. Carefully selected botanicals and alpha hydroxy acids (AHAs) gently and deeply cleanse, tone, and clarify. Indicated for normal, combination, oily, dry and acne-prone skin. After cleansing, apply AVRA Hydrating Toner to refresh, hydrate and condition the skin.

CREAM CLEANSER

A nourishing cream formulation that deeply cleanses skin and pores, leaving the skin hydrated and feeling comfortable. Formulated with fractionated coconut and jojoba oil which help to hydrate, soothe and soften your skin, while also assisting in reducing fine lines and wrinkles. In addition, this gentle cleanser is used as a makeup remover. Indicated for normal to dry skin. After cleansing, apply AVRA Hydrating Toner to refresh, hydrate and condition the skin.

DAILY MOISTURISER SPF

This water-resistant, reef-friendly moisturising sunscreen offers broad-spectrum SPF20 UVA/UVB protection. The addition of jojoba oil offers antioxidant support and intensive skin nourishment. Sunscreen of SPF20 is a healthier option for your skin as the chemical content is low. Regular application is necessary, especially when there is perspiration present or when swimming. Always apply sunscreen 30 minutes before sun exposure. Indicated for all skin types.

NIGHT CREAM

A luxurious wrinkle-defence, superior anti-ageing formula that offers intensive skin nourishment, protects and fortifies the skin barrier. Collagen is an important structural protein that acts as a connecting agent to keep the outer layers of skin hydrated and resilient, thereby softening wrinkles and firming the cells. Indicated for pigmentation, textured, scarring, fine lines, wrinkles, and post-acne.

AHA SERUM

Light-peeling treatment exfoliates and smooths the skin, assisting with uneven skin tone, blocked pores, and increasing ingredient penetration. Alpha hydroxy acids are made from fruits and deliver visible results.

COLLAGEN SERUM

Lift and tone ageing skin with this replenishing formula. Collagen targets fine lines and wrinkles by hydrating and plumping the skin in addition to stimulating elastin production for the prevention of future wrinkles.

HYALURONIC ACID SERUM

An ultra-hydrating formula designed to replenish the skins hydration levels, promoting suppleness and elasticity, while minimising the appearance of wrinkles, keeping your skin looking firmer and younger for longer.

The innovative design of the 360° roller ball applicator on the AVRA serums, adds a level of precision and ease to skincare routines. It allows for even application and gently massages the skin, thereby promoting better absorption of the serum for optimal results.

NIACINAMIDE SERUM

Regulate oil production and reduce redness with this scientifically balanced formulation. Helps to refine the pores and improve skin texture.

VITAMIN A 0.5% SERUM

Rejuvenate and refine your skin while you sleep. Vitamin A is an all-rounder treatment for age spots, wrinkles, uneven skin tone, and UV damage. Vitamin A is a refining and rejuvenating treatment that helps to prevent sun damage by interrupting the process that breaks down collagen.

VITAMIN C SERUM

Brighten your skin and protect against environmental damage, hyper-pigmentation, and loss of skin radiance. Vitamin C is a “super-food” for the skin that offers anti-ageing benefits.
