# ARQUA

A MANGUEIRA QUE O BRASIL CONFIA.

## OUR STORY:

Arqua is an industry that has become, throughout its **16 years of history**, national reference in the manufacture of PVC hoses.

Based in Minas Gerais, we use premium quality raw materials and advanced technologies to produce a wide range of products, ranging from hoses from gardening and watering to industrial and professional use.

We value transparency in all of our dealings. We are always ready to answer to our clients in a different way and offer the best solutions for their needs!
