Products: oat groats (KDHO), oat flakes, oat flour and flavored oats

We are a Chilean producer of one of the noblest food grown in our land: oats. More than 13 years of experience in the business position us as one of the leading companies in the country. We store and process oats, one of the richest cereals in terms of high biological value proteins, fats, vitamins and minerals.

Our highly modern production plant is located in Pillanlelbun, Temuco - IX Region, where 70% of Chilean oats grows.

We operate with Swiss (Bühler) and German (Streckel) cutting-edge equipment and infrastructure, which allow us to deliver with great flexibility in order to meet our clients most demanding requirements. This makes us one of the most solid companies in the Latin American industry, with top quality products, in accordance with the ISO 22000, ISO 9001 and HACCP standards.

Our people are highly qualified to carry out the oats processes. More than 50 people work every day to ensure highest quality products, both in our facilities in Temuco and Santiago.
