

Slat Wood Panel
that Transforms
Environments into
Works of Art

Slatted Panel Barreto just snap and paste

Barreto has been offering solutions in wood finishes since 1980, being one of the pioneers in Brazil. Today we operate throughout the country and in more than 12 countries in the Americas and Europe.

Our products serve homes, offices, restaurants, shop windows, etc. We offer technical support nationwide.

DIY INSTALLATION

easy to assemble
easy to buy

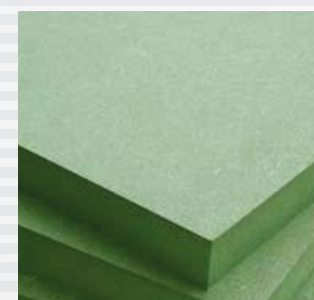

PRODUCTS THAT FIT
YOUR PROJECT
WITH A VARIETY OF
COLORS, DESIGN
AND FINISHES

SLATTED PANEL

The slatted finish is versatile and easy to apply, covers countertops and walls for indoor environments. The volume and graphics provided by this finish, leaves the place cozy and stylish. It's versatility caters to homes, stores, commercial rooms, restaurants, bars, halls, livings, etc. Designs varied by width, depth of slat and frieze. In addition to the standard measurements, you can customize your slatted panel.

RAW MATERIAL

MDF Water Resistant

coating

DIY INSTALLATION

Do you know that the reputation of SLATTED PANELS is an expensive product and difficult to install?

Barreto simply broke that taboo and INNOVATED the market by developing quality slatted panels ready to install, using a slot, double-sided tape and glue.

- Quick assembly with instruction manual
- Easy installation with productivity gain
- Affordable price and available throughout Brazil
- Barreto 5-year warranty

FINISHING SLAT

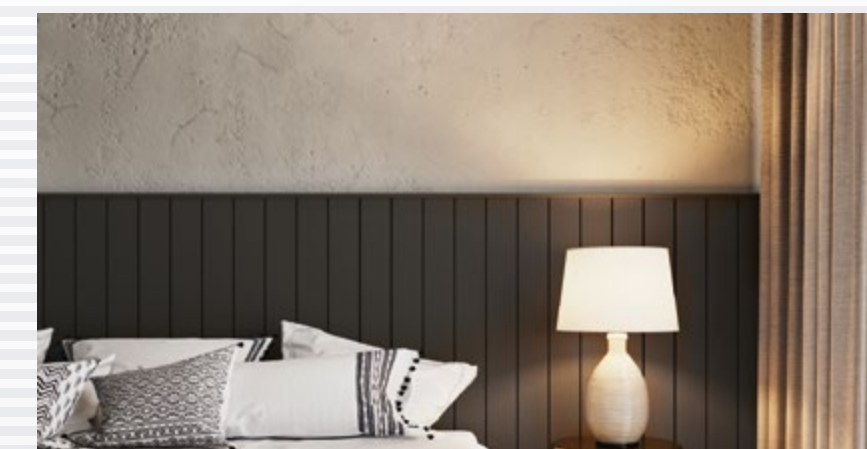

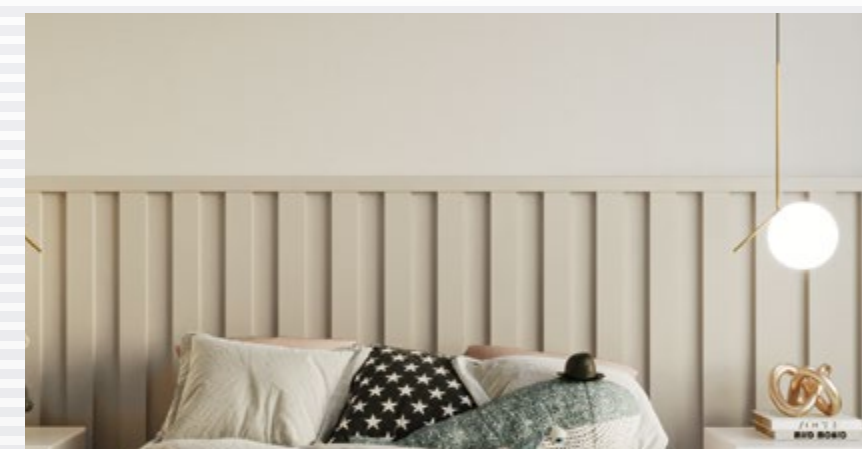

FINISHING L

FINISHING STRAIGHT

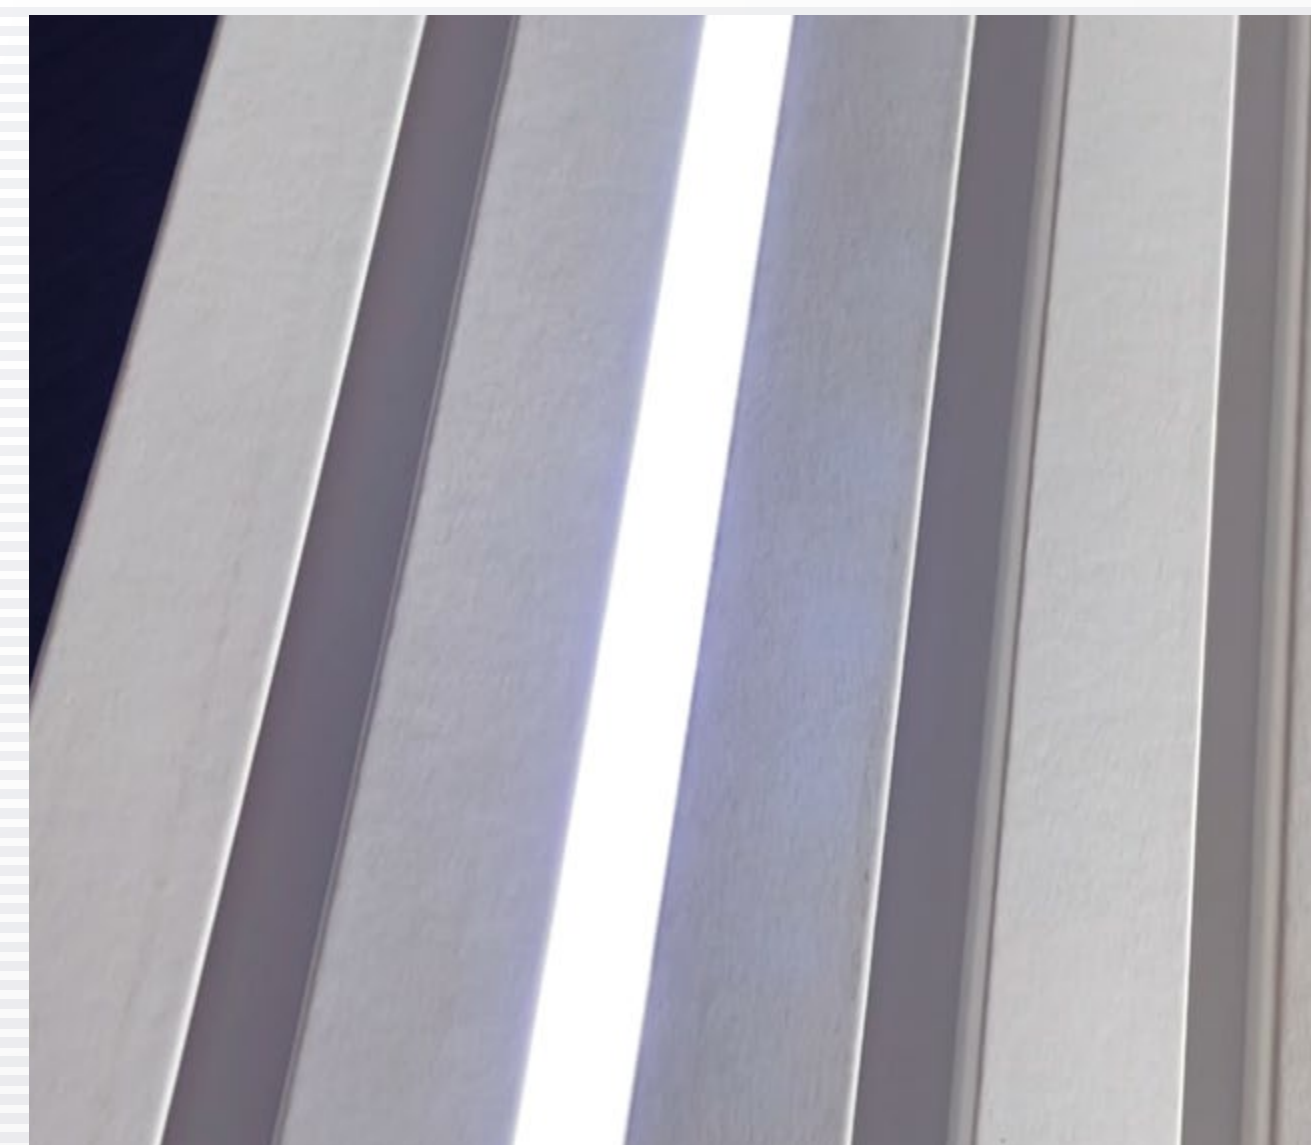

The finishing bar is a final touch giving refinement according to the customer's choice. It can be used on the half-wall panel, headboard, among others.

SLATTED PANEL

Innovation with lighting internal

Barreto brings yet another innovation to the segment and offers the translucent wood system, enabling the use of internal lighting with LED strips for its product lines, expanding the possibilities of use and bringing more modernity to the environments.

COLORS

The classics
woody
and the news
tendencies

Color is the most important element in decoration. That's why Barreto offers the classic woody and also the pure colors. We offer contemporary colors in line with the decor trend, which convey style and personality.

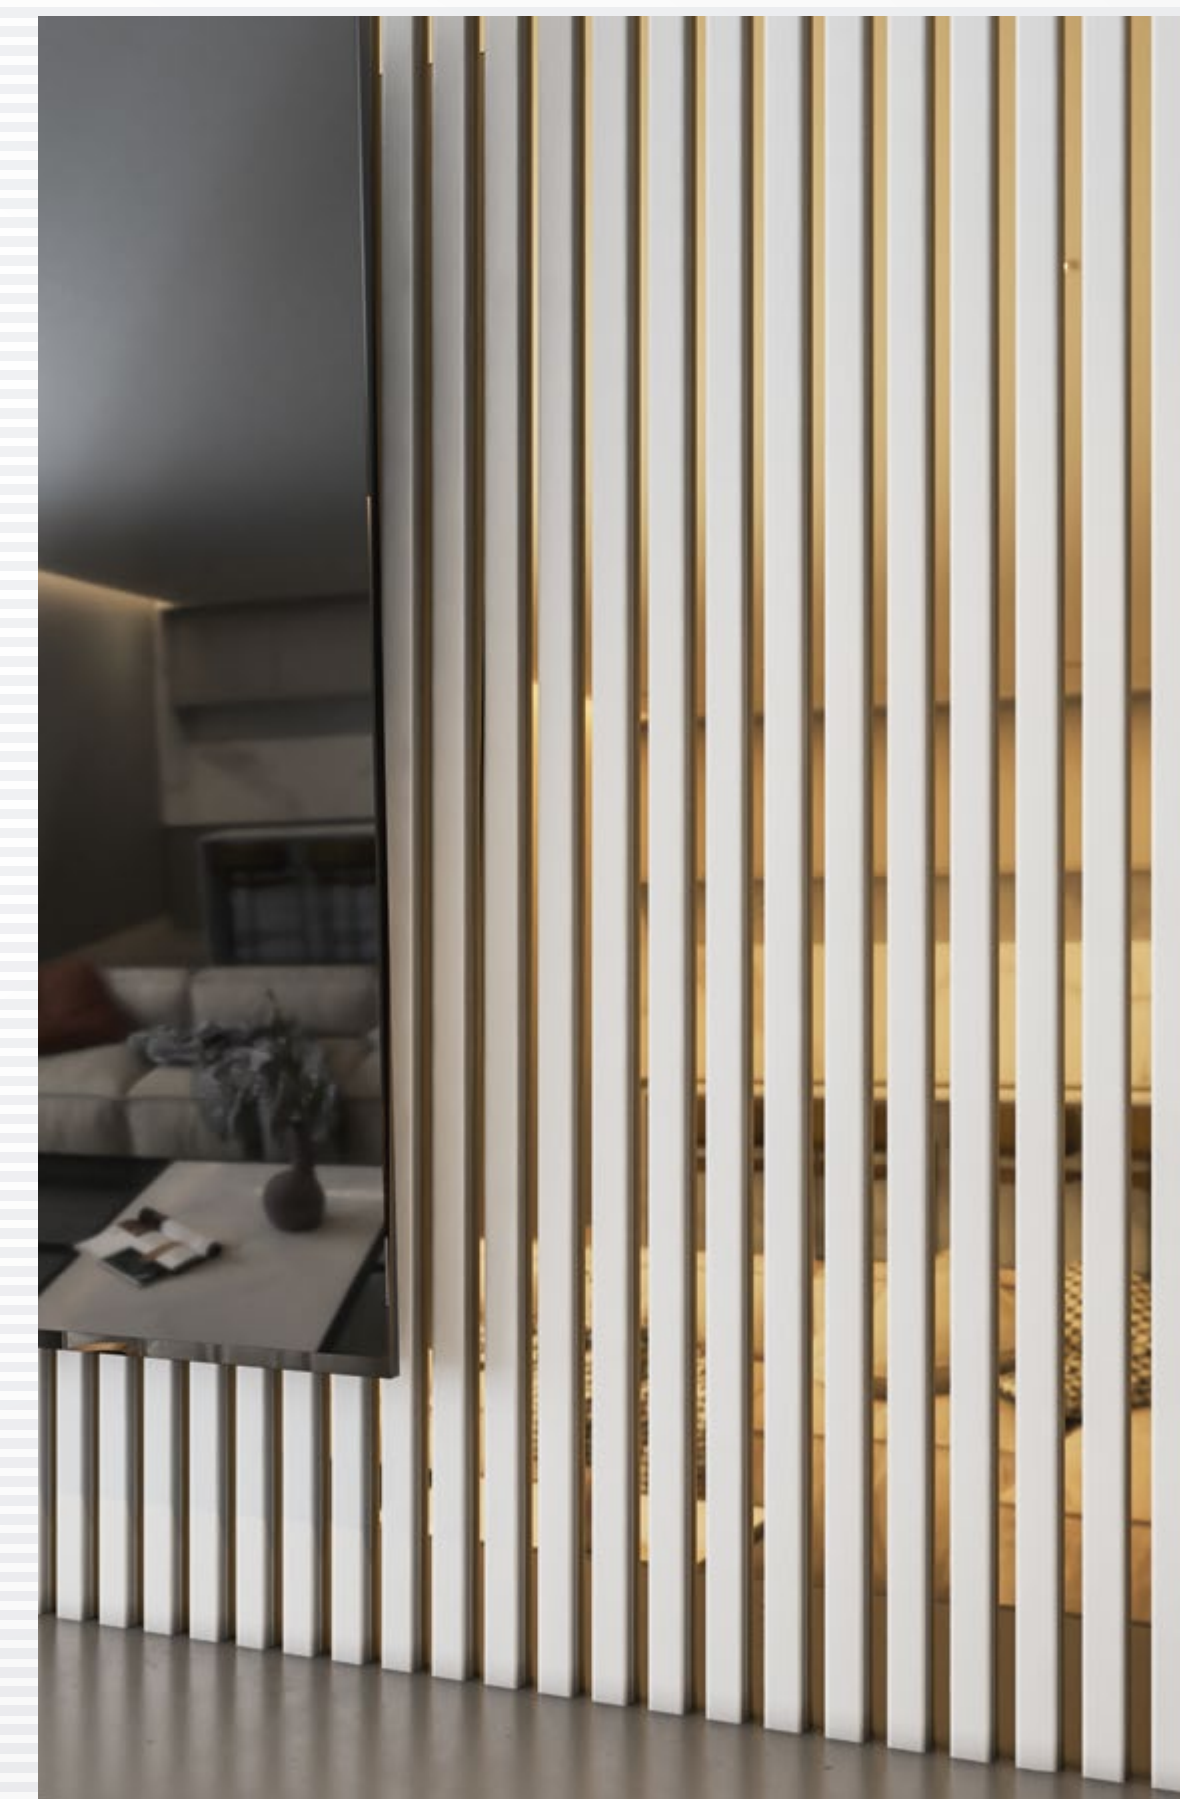

COLORS

Spacing in ACM with colors specials

Spacing customization in ACM with special colors.

Aiming at greater versatility, we now have the possibility to combine the color of the batten with that of the spacer, allowing a multitude of color variations to suit your environment.

PANELFIX

More practical mounting system and disassembly

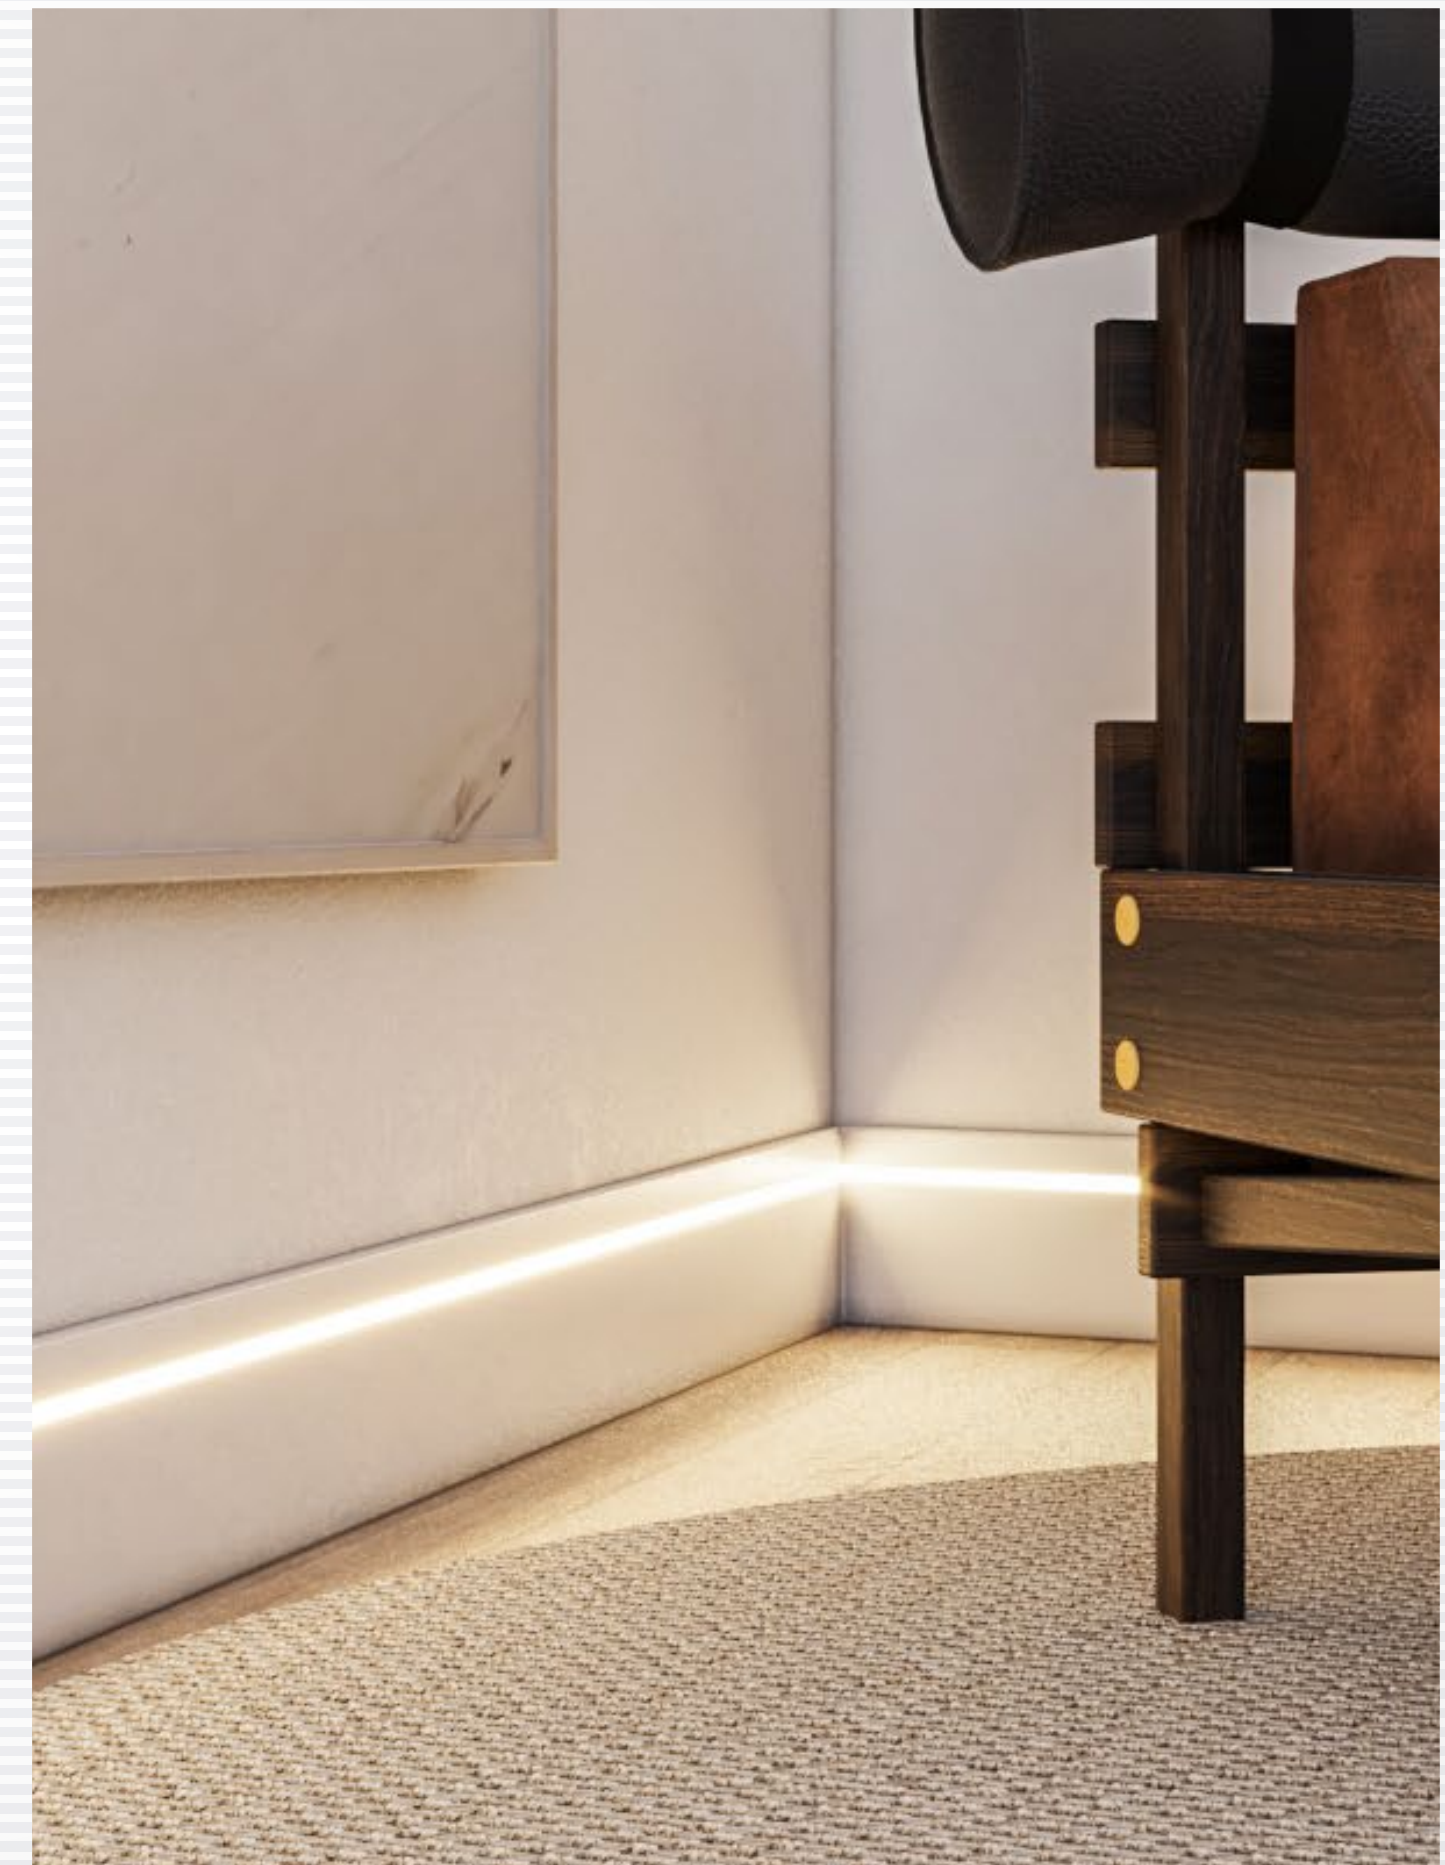

The Panelfix system is innovative because it allows the installation of Barreto slatted panels in a practical way, through modular fittings that can be installed on half a wall (headboards, countertops, etc.) It is possible to easily remove the panels for use in other environments, if necessary.

BASEBOARD

Versatility and lighting internal

The combination of skirting, flooring, doors, slatted panels and lining provides a harmonious atmosphere for the environment. The Barreto skirting board also allows the installation of LED for indirect lighting.
