BEBAKERY FOOD INDUSTRY

## Why Us?

Wide range of various bakery products. The bakery is always fresh: possibility to bake small batches. Baking time for any product is from 15 to 25 minutes.

Strict production quality control: IFS, FSSC 22000. Control of products by key safety indicators and microbiological characteristics. Independent quality control of incoming raw materials. Independent European audits are higher than 90% over the past 5 years.

Products that require a complex technological process are baked without any special effort.

Long storage of semi-finished products without quality loss.

Addressed delivery 6 times per week.

The plant is equipped with two automatic lines with a total capacity of 2000 tons/month. Product quality control is carried out at each stage of production.

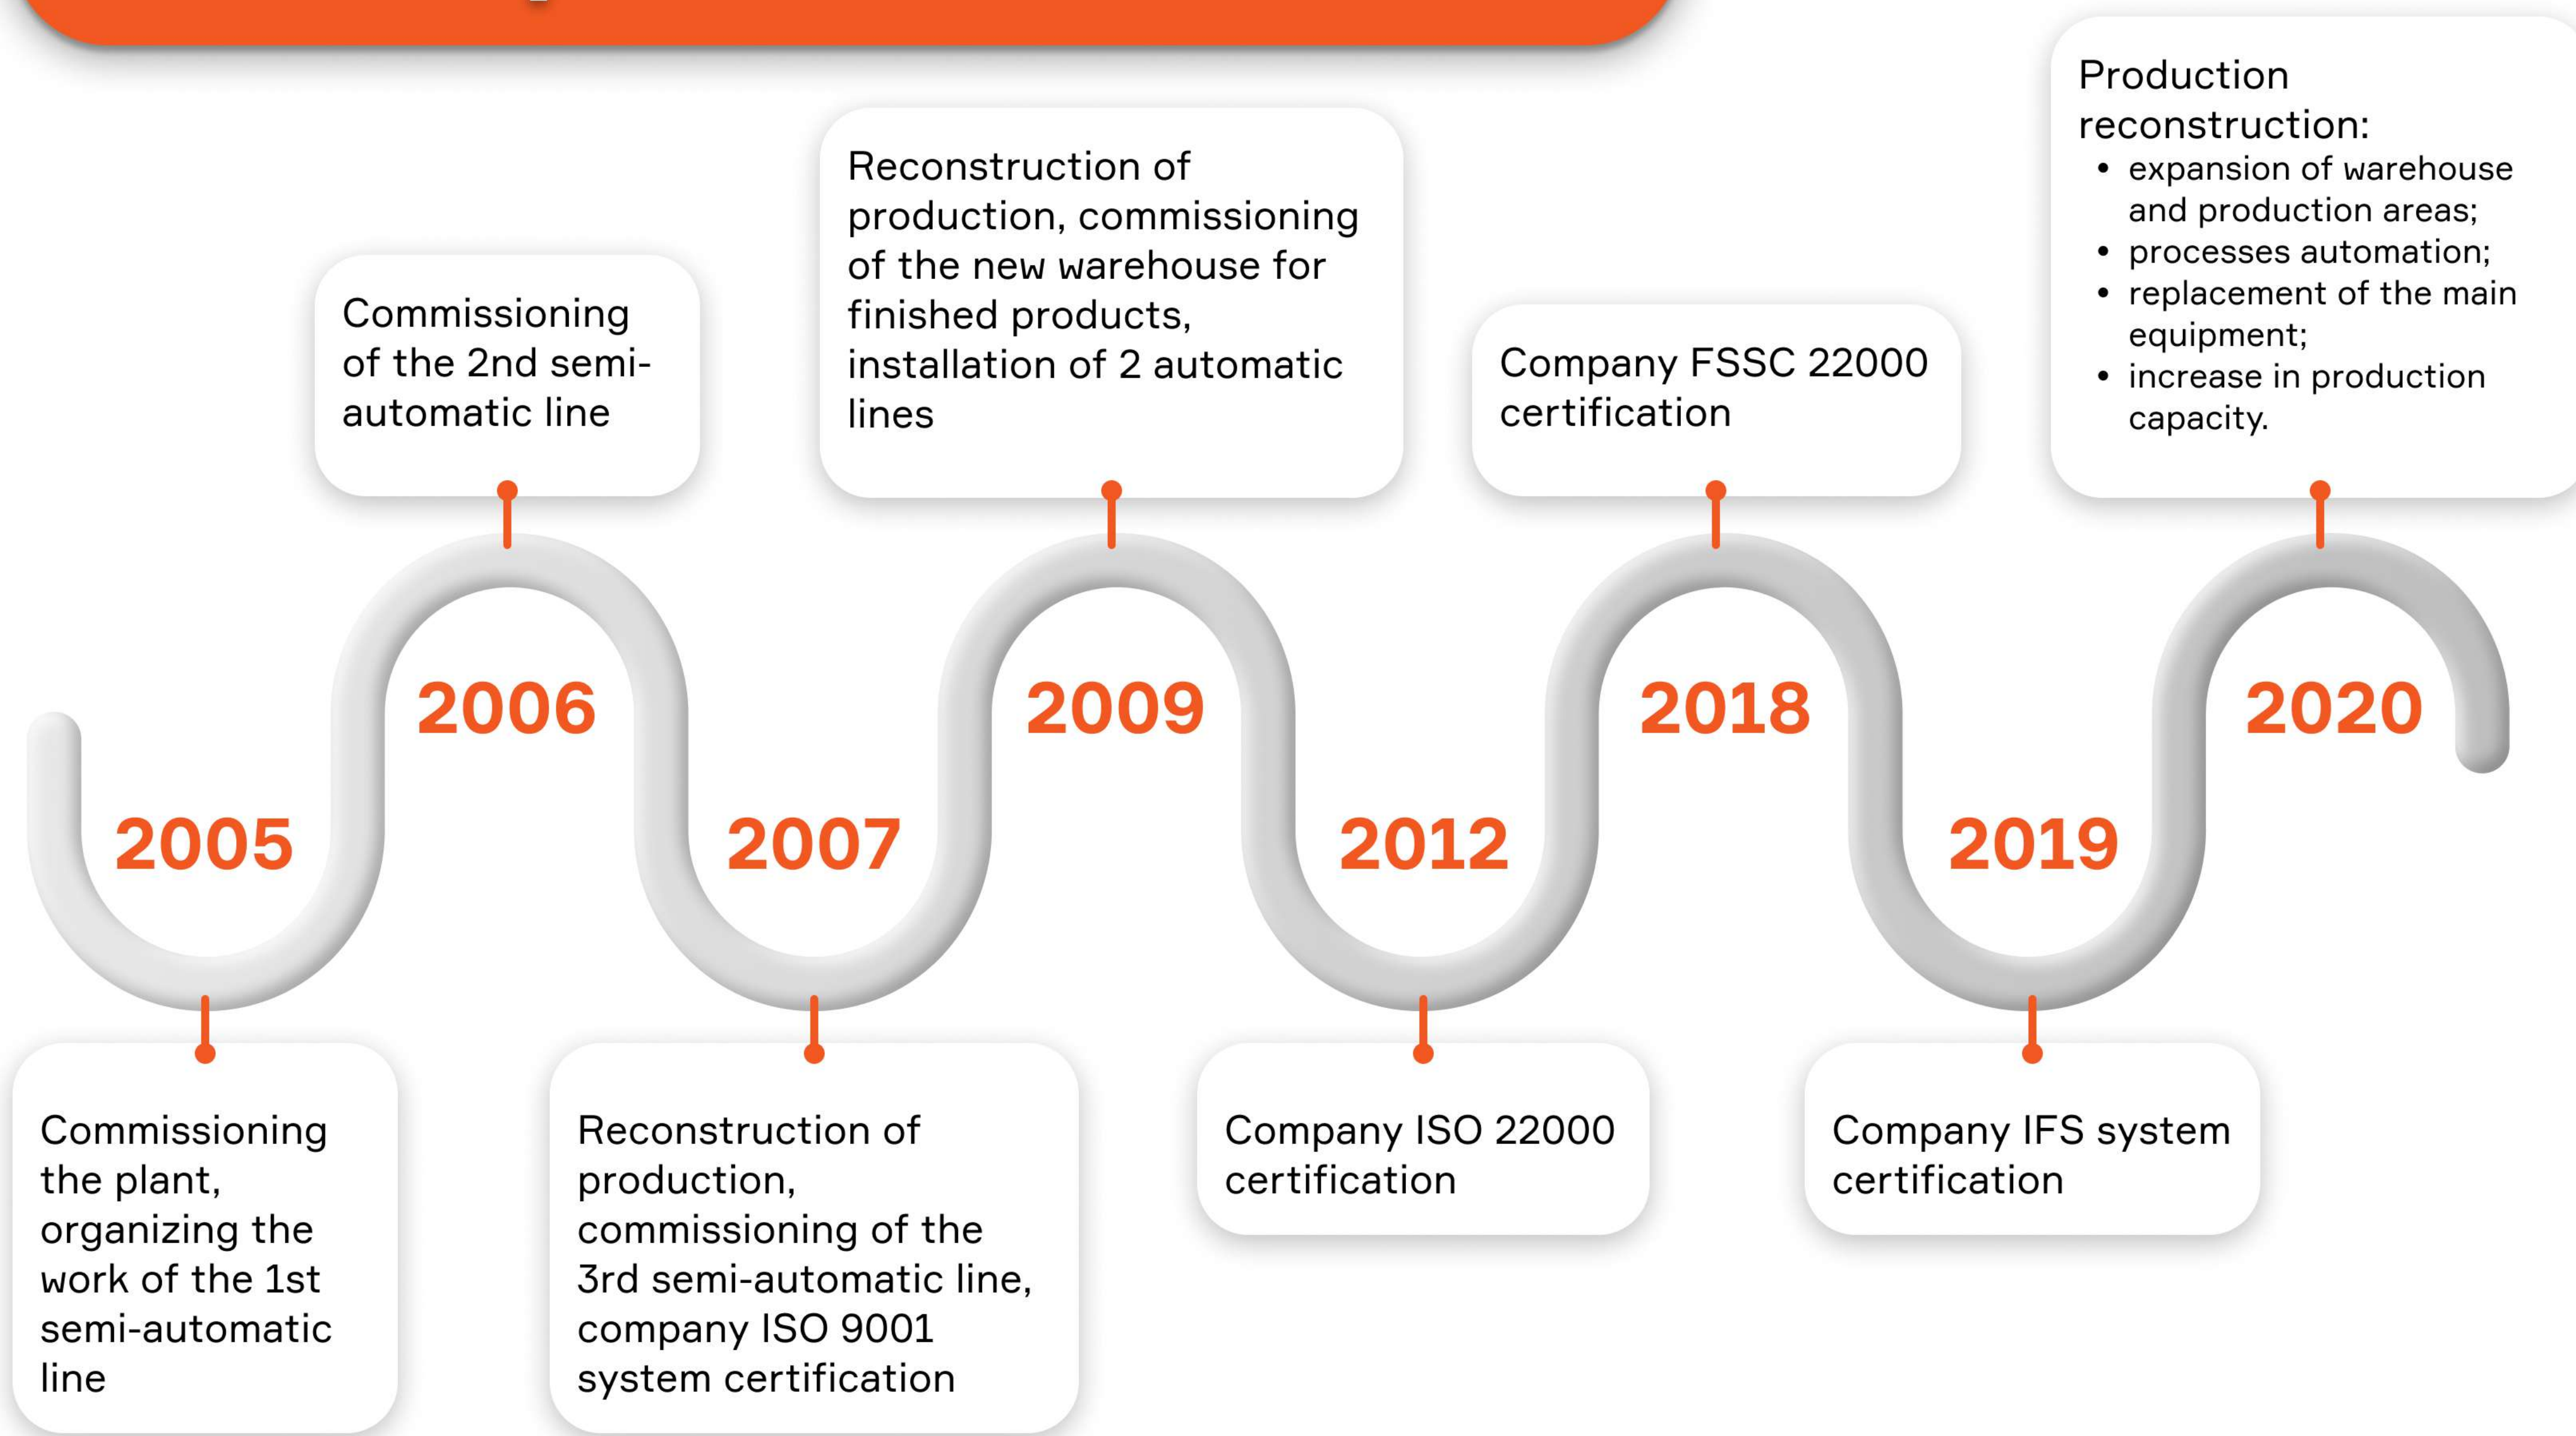

More than 4 million Ukrainians eat our products every day.

The company's monthly turnover is more than 500 million UAH.

QUALITY MANAGEMENT SYSTEM

## IFS Food

### QUALITY CONTROL ON EVERY STAGE

#### PRODUCTION

- ✓ Incoming raw material control.
- ✓ Products baking and storage conformity control.
- ✓ Sanitary and hygienic condition control of production.

#### LOGISTICS

- ✓ Vehicle control before loading.
- ✓ Product shipping control.
- ✓ Delivery conditions control of finished products.

# Bakery Food Industry

One of the first large deep-frozen bakery products manufacturers on the territory of Ukraine.

The plant was commissioned in June 2005.

The company’s production facilities are located in the village of Kozelets, Chernihiv region, Ukraine.

The existing capacity of the equipment is >2000 tons per month.
