

VERMILION WIDE INTERNATIONAL

calidad ecológica

COMMITMENT

Valmasera foods does not contain synthetic chemicals to keep intact all its nutritional values and its authentic taste. They do not pollute the environment and do not desert the land. Also maintains rural employment and saves energy and water.

QUALITY

We use the earth's natural resources by using crops integrated into the ecosystem, which produce food from higher quality. With exclusive recipes and the best organolepsy.

HEALTH

Organic food is a great alternative to improve our diet and preserve our health, by not containing preservatives, colorants, pesticides, herbicides, etc.

RANGE

Covers the best foods in the Mediterranean diet and the tastiest of our traditional cuisine. We guarantee quality and supply by our manufacturing capacity.
