

## .ABOUT

It was in 2008 that Nádia Gimenes, born in the countryside of São Paulo, decided to dedicate herself to the realization of a childhood dream. Passionate for arts and crafts since she was a young girl, she decided to create her accessories brand. After researches, studies, and trips, Nadia created her brand, focusing on women who appreciate femininity and the richness of details.

Each collection contains a different story, often inspired by paradisiacal settings, art, nature and historical references. The creations are all developed by the designer, from the design to the choice of materials.

The brand's strengths are its accessories in resin, metals, crystals and glazed techniques with exclusive and innovative shapes.

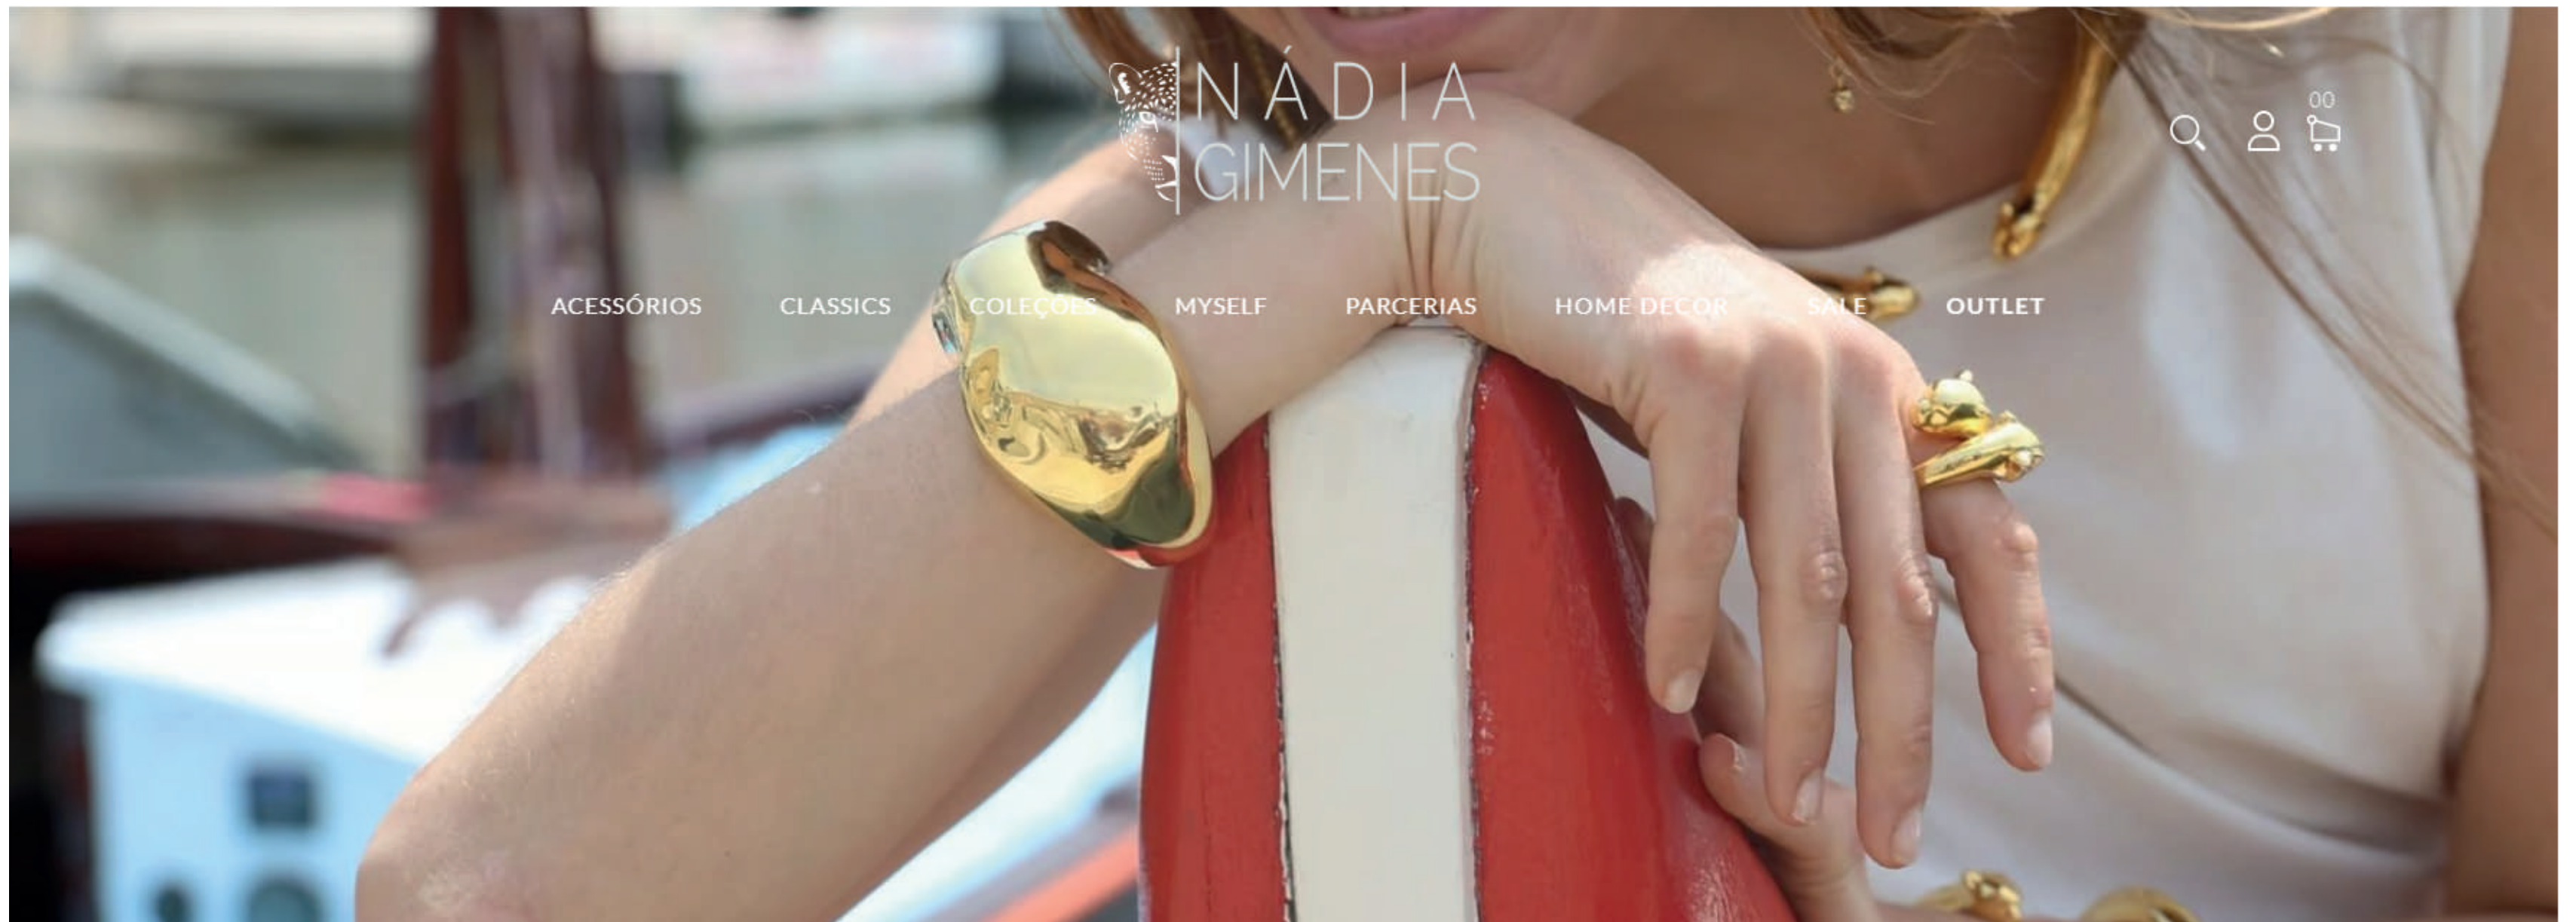

## .BRAND

In 2013 we opened a showroom in São Paulo located on Oscar Freire, one of the closest streets to the capital, supplying retailers from all over Brazil. After restructuring the brand, Nádia Gimenes felt the need to grow in a new way, launching e-commerce for retail. In 2020, the brand also participated in its first international tradeshow. In 2021, we opened a Flagship Store focused on the retail experience, also located in São Paulo. Ambition is a very good word to describe what Nádia is planning for 2024. We hope you will be here with us to see these plans come to fruition.
