**FRUITS FROM  
ECUADOR**

**2021**

It all started as a simple dream and a recipe for a technified home that little by little was built as an effective project, until it became a nationally and internationally recognized organization forging a path to the top of business success.

Nunafrut located in the country of the four worlds (Ecuador), after 10 years of growth led by Ing. Nancy Yáñez and Ing. Carlos Trujillo, has managed to become a productive, profitable and sustainable company; which constantly offers in the international market a wide range of non-traditional premium fruits and 100% natural products with a quality guarantee.

We promote a lifestyle based on healthy eating, bringing the natural to the table of families who seek freshness, hygiene, flavor and a balance in the daily diet.
