For us, being Plus is not a number. It is to be well with yourself. So, we collaborate to shape and enhance curves, regardless of size, with joy! Here you will find products specially adapted for a higher numbering. Only that. They are identical to the products that go from S to L. In the Shape & Shine line you will be able to use the products in size XL, because the fabric has greater elasticity and therefore the products fit up to size 58/7XL (without padded Bra) and even size 48/XL (with padded Bra). That simple. Be happy! Being Plus is being more!
