Guasca

Parque Florida

Laguna de Pedro Palo

CHINGAZA

Hummingbirds feeders

Bogota

Chicaque

Guayabetal

Sumapaz

40 km

Thank you for organising, what was for us, an outstandingly enjoyable and well organised trip. You understood all our wishes perfectly with a great itinerary, excellent accommodation, an ideal vehicle and a great guide. We had wonderful wildlife and great birds. All in all a great trip! Sally Jhonsen

# Our Birding tours, included other highlights

During our birding trips too We have the opportunity to see the endemic wildlife (Orchids, Butterflies, Flowers, Frogs, Mammals). Enjoying the Colombia wildlife spectacles is a perfect way to spend the birding day and we offer tours focusing on a range of wildlife from insects to frogs, often with a little history and culture thrown in.
