Corporate Presentation

We are a leading company in the services of certifications, inspections, laboratory tests and training. We have a work team with great responsibility and technical ability, that is constantly edified and updated. We guarantee experience, rigor and accessibility 24 hours a day, 365 days a year, from anywhere. We use high technology to meet any market need and provide international support.

Our accreditations and memberships

*Your eyes
everywhere*

We provide different solutions for:

-  Food Industry
-  Fish Industry
-  Environment Industry
-  Work Industry
-  Mining Industry
-  Textile Industry
-  Transport Industry
-  Public Sector
-  Construction Industry

Our services

Laboratory tests

Our laboratory, accredited by the Instituto Nacional de Calidad (INACAL), and based on the requirements of the NTP ISO 17025: 2006 standard, has a staff of specialized professionals and equipment with innovative technology to provide testing services, under national and international standards, in all types of matrix, material or product, through our areas of:

- Physicochemical Laboratory
- Microbiological Laboratory
- Sensory Physical Laboratory

Inspections

We have an accredited Inspection Organism under the requirements of the NTP ISO/IEC 17020: 2012 standard. We help ensure product safety, improve quality, and mitigate regulatory risks.

Sampling

We carry out sampling of grains, oilseeds, feed, liquids and other products in general, as well as grounds, plant tissues and waters. From onsite tests to laboratory tests.

Environmental monitoring

Our qualified inspectors have extensive experience in the development of specific and compound monitoring of: industrial and domestic effluents, soils, marine sediment, air quality, among others. After monitoring, we issue a diagnostic and evaluation report, where we compare the results obtained with current regulations.

Certifications

To get in the global market it is necessary to comply with several certifications. Therefore, at Pacific Control we provide:

- Quality Certificate
- Safety Certificate
- Testing Certificate
- Certificate of Light Intensity
- GMP/HACCP Certificate
- Conformity Certificate, etc.

Trainings

Given to our clients and people in general, with topics of interest based on their needs. We manage two modalities:

- Onsite trainings
- Virtual trainings

Environmental sanitation

We use products with sanitary registration and modern equipment to perform the following services:

- Disinfection
- Insect extermination
- Rat extermination
