

Proexo

Brisas hacia la prosperidad

The female membership of PROEXO are also members of the International Women's Coffee Alliance, Honduras Chapter (AMUCAFE), with the purpose of empowering women in the sustainable coffee and fair farming sector, with the implementation of good agricultural practices, thus creating better opportunities for their approach at national and international market. In 2017 PROEXO had its first direct trade export with specialty coffee certified by organic and Manos de Mujer, in this way PROEXO promotes the improvement of the quality of life of its members, obtaining better family income for their homes, with a socially, economically and environmentally responsible production.
