

ASOCIACIÓN DE PRODUCTORES DE CAFÉ

Aroma of good coffee

Organized producers that produce
quality coffees

About us

We are an organized Association of coffee producers that currently have 450 small producers, organized and distributed in productive areas between 1600 and 1950 masl. within the provinces of Jaén, San Ignacio and Cutervo.

The development of its activities, are based on principles of Democracy and loyalty, that have allowed not only to contribute to the socio-economic development of our producers, but also to generate a participatory social identity even inside their own families.

■ MISSION

Promote the development of the high quality of our coffee to attend the needs of a market competitive with international demands and standards through insertion processes to the technification of coffee crops, providing economic, social and environmental support for our producers and their families

■ VIEW

To be for 2021 the leading organization in the coffee market quality, maintaining our principles and strengthening our values with our customers, who contribute to the development of the living conditions of our associates and keep them in harmony with the environment.
