

# ABOUT US?

Dragon House is a family-owned company that produces and exports Red Dragon Fruit.

With 25 hectares cultivated, our farm is located in a privileged area in the province of Esmeraldas in Ecuador, two and a half hours from Quito. Being practically on the equator line ensures optimal conditions for the terrain, humidity, and brightness, resulting in the highest quality fruit

## HEALTH

We aim for the health and well-being of consumers.

## QUALITY

We produce and sell healthy fruits (Red Pitahaya) of the highest quality.

## PROSPERITY

We create prosperity and benefit for all our allies.

## RESPONSABILITY

We work with responsibility, integrity, and transparency.

# HEALTH

PRODUCED  
IN ECUADOR

Red Dragon Fruit offers various health benefits. It is rich in antioxidants, fiber, and vitamin C, which can help boost the immune system and improve digestion.

Additionally, its iron and magnesium content contributes to bone and cardiovascular health. It is also a low-calorie option and can be part of a balanced diet.
