

Fresh Fruit Catalog

Who We Are

Grupo Cerro Bravo is a **Colombian** company that drives **fresh fruit** production and **connects** it from its **origin** to **international markets**, integrating **logistical efficiency** with a strong **social commitment**. Through a comprehensive business model, the company ensures product **quality** at every stage of the value chain—from field selection to international distribution—optimizing processes to generate **positive economic** and **environmental impact**.

The company maintains a strong commitment to **sustainability**, promoting the active participation of **women** in productive activities and supporting **generational renewal** within the agricultural sector. We recognize **women** as a **fundamental pillar** of the productive chain, playing a key role in efficiency, quality, and sector development. Their participation strengthens operations, drives community growth, and creates positive social impact, contributing to a more **equitable** and **sustainable** agribusiness.

Our commitment goes beyond commercial operations: **we connect purpose, strengthen rural communities**, generate dignified employment, and support the training of new generations, ensuring that the growth of our model remains aligned with **social development** and **environmental responsibility**.

MISSION

To drive the **sustainable production** of fresh fruit, ensuring **quality** and **efficiency** throughout the value chain, while generating **positive social impact** through the participation of **women** and **generational renewal** within the agricultural sector.

VISION

To be a benchmark in connecting **origin** with **international fresh fruit markets**, recognized for leadership in **sustainability, equity, and innovation**, and for generating comprehensive growth for **producers, collaborators, and communities**.

Our Products

Our products are the result of a shared commitment between the ***field*** and ***excellence***. Through processes that dignify the work of ***rural families***, we ***bring together dreams*** and ***productive value chains*** to offer a selection of ***fresh fruits*** that stand out for their ***origin*** and ***quality***.
