COFFEE ROASTING

In Café Caté we are specialists in coffee roasting. We have an installed capacity to process 6 tons of coffee per day or more. In fact, we are the largest roasting plant in El Salvador. Our largest customer is the company Super Selectos, a supermarket with more than 97 branches throughout the country.

BARISTA & BREWERS TRAINING

We train staff from coffee shops, restaurants, hotels and anyone who wants to learn about preparation of drinks based on Espresso Coffee and other methods. One of the most important achievements this year, is that Café Caté through its owner Rodrigo Giammattei won the first prize of the contest: "Brewers Cup El Salvador 2017".

QUALITY CONTROL

We offer Coffee Cupping Services in order to get the quality level of Coffee samples oriented to exports for Millers and Coffee Exporters in El Salvador. We check up the organoleptic properties and other elements of relevance for international buyers.

About Company

Café Caté has been established as a Coffee Roasting Company in El Salvador. However we are experts in the whole Coffee process: from Coffee Growing to the cup.

Since 1986 our parents acquired the first coffee farm. Its name was "San Carlos", in this farm started the passion for coffee in a 5 years boy. Of course, it wasn't the second coffee generation, before there were a lot of farms in past generations.

Café Caté started operations in March 2008, in La Zona Industrial Merliot, introducing the a new concept: "Mobile Coffee Stores", this was not known in the country. On september 2008 we opened the second store, its name was "Café Caté" located in Colonia Escalón, the concept was a Coffee Shop. On August 15th we started to roast with our roasting machines for the first time.

The Café Caté target overseas customers are the Specialty Coffee Importers, some of them are small and large Coffee Roasters, Coffee Shops and Supermarket Chains, among others.

Bldv. Acero No. 25, Zona Industrial Merliot
Antiguo Cuscatlán, La Libertad, El Salvador
