ABOUT OUR COMPANY

Since our inception in 2006, Arcadia has been at the forefront of the Language Industry, harnessing technology and human expertise to deliver integral, high-quality linguistic solutions to clients worldwide.

Our fully remote operational model, implemented since 2012, not only reflects our commitment to environmental sustainability but also ensures seamless continuity of service.

Our track record speaks for itself, with over 25 million words translated and edited in 2023 alone, and an average of more than 21,500 projects processed annually. Through strict quality assurance processes, and a relentless focus on customer satisfaction, we have earned the trust of hundreds of national and international companies.

DIFFERENTIATORS

- More than 18 years of expertise in the Language & Localization Industry.
- Dedicated team of Account Manager, Project Managers, and specialized linguists for every account.
- Sustained and organic growth through repeat business and industry referrals.
- ISO 17100 (Professional Translation Services) & ISO 9001 (Quality Management) Certifications.
- Customized workflows based on the client's needs, time zones, and operational support.
