Sweet emotions.

Product Catalog

HOLLANDER

With a sophisticated presentation, the HOLLANDER line of chocolate bars possesses characteristics that will please the truest gourmet chocolate lovers.

Each version contains different amounts of cocoa, allowing for intense flavors brought by the purest chocolate, with additions which harmoniously complement each version. Or even, simply chocolate in its most traditional and delicious form.

The packaging explores the refinement of the product in a collection which sets it apart from others on the shelves, creating a colorful and eye-catching mosaic.

HOLLANDER

Creaminess and flavor in individual portions!

These are the characteristics of the line of HOLLANDER Truffle Chocolates. An invitation to sensory delight, where chocolate comes together with rich, creamy fillings to deliver a thoroughly satisfying experience.

Distinct versions of the fillings explore flavors which are familiar and indulging to the consumer.

The packaging, with a matte finish and silky texture, add value to the product, which is presented in displays that attract consumers' attention.

True milk chocolate and all its creaminess in bars to share with whom you love.

The MILKINO chocolate line is truly tempting. Every bite brings the feeling of "I want more". Its format further increases the feeling of creaminess to the taste.

An elaborate product with selected ingredients, and no hydrogenated vegetable oil.

White packaging highlights the composition of the brand and the shape of the chocolate, making the line stand out from other known products.

True milk chocolate, also in individual portions. That on-hand dessert, guaranteed to please.

20 g (0.70 oz) of creaminess and flavor in just the right amount.

In contrast with other bars of similar weight, the MILKINO 20 g line is presented vertically, offering a distinct perception at the points of sale.

Available in versions with pure chocolate or crunchy additions, MILKINO will satisfy the desire for a high-quality sweet.
