# ABOUT US

Erva-Mate Potinguaçu: Taste and tradition in every leaf

Since its foundation, Erva-Mate Potinguaçu has been synonymous with quality and tradition. Located in São Mateus do Sul – Paraná, Brazil. Our company carries on a legacy of excellence that spans generations. The history of our yerba mate production began in 1950 with my grandmother's family, who inherited the old factory from her father. Since then, the tradition has been continued by her and her husband, and today my father and I continue to honor this legacy.
