Events

CLIP Training & Consultancy has developed two signature corporate events.

The Recruitment Event; "where strangers become great employees".

The event invites employers and ambitious professionals to participate and make live, interactive contact during the speed dating & matching rounds.

The Recruitment Event bridges the gap between employers and employees and connects the two in an easy and fun way. The goal is of course to make as many matches as possible during and right after the event.

Every year in March.

The Future of Leadership

A high-end leadership event designed for individuals at all levels within the company, ranging from C-suite executives to junior employees.

In a developing country like Suriname, enhancing one's knowledge and skills in leadership, management & behavior is crucial.

Annually, CLIP Training & Consultancy will organize The Future of Leadership Event, bringing in speakers and trainers from their global network to inspire and impact leaders and emerging talents in Suriname.

The primary objective is to facilitate a smooth transition and transformation, positioning Suriname as a leading country in the Caribbean in the coming years. Every year in November.
