COFFEE INDUSTRIES

COFFEE IN GOOD HANDS

QUALITY THAT COMES FROM EXPERIENCE

WHO IS COIND

Coind is the specialized partner in the production of coffee for private label.

We create personalized blends and offer complete solutions with dedicated packaging and technical support.

We work alongside each client in the development of their own coffee line, guaranteeing quality, flexibility and reliability.

24.000 sqm
INDUSTRIAL FACILITY

17.000 ton

ROASTERS

The company has 142 employees and a turnover of over one hundred million euros, confirming our position among the first top 10 Italian roasters

OUR STORY

Coind Coffee Industries was founded in 1961 in the heart of Emilia-Romagna region, at Castel Maggiore, in the Bologna province. From here takes a path in which, starting from a small coffee roaster founded on consumer initiative, would eventually lead to the creation of one of the most important companies in the sector.

MESETA® ESPRESSO PREMIUM

ATTIBASSI 1918 Bologna

CAFFÈ CARRACCI

1961

Coop Industria s.r.l. was established for the coffee roasting.
In 1963, the plant for vacuum coffee production was commissioned.

1978

Purchase of the Meseta brand.

1984

Coop Industria s.r.l. becomes Coind Società Cooperativa.

1993

Purchase of the brand Attibassi and development of the Horeca channel.

Caffè Carracci was created to bring quality espresso to the Food Service and Ho.Re.Ca. sectors.

2022

Completion of the logistics warehouse of 10.000 sqm

2027

New Production lines.

VISION & MISSION

VISION

Growing alongside our partners by creating value.

Over the course of more than 60 years of operation, Coind has developed know-how and production capacity that becomes a reference point for the coffee segment, and particularly among the private label producers. Excellence in coffee starts from a deep understanding of the raw material and its production process. We share with our clients our experience and know-how, supporting them every day in the challenge of offering to the consumer the true taste of the Italian expresso.

MISSION

Offer our clients excellent quality, sustainable and ethical products.

This is the goal that guides our choice.

A mission that comes from our values and guides our commitment to the client’s satisfaction.

OUR VALUES

The production process is managed by a sophisticated computerized system which **monitors each phase**, from the green coffee selection until the roasting, from the blending to the packaging, assuring **traceability and constant quality**.

Environmental considerations guide our own decision: we **reduce the environment impact of our production processes**, using electrical energy derived **100% from renewable sources**.
A concrete commitment to an increasingly sustainable supply chain.

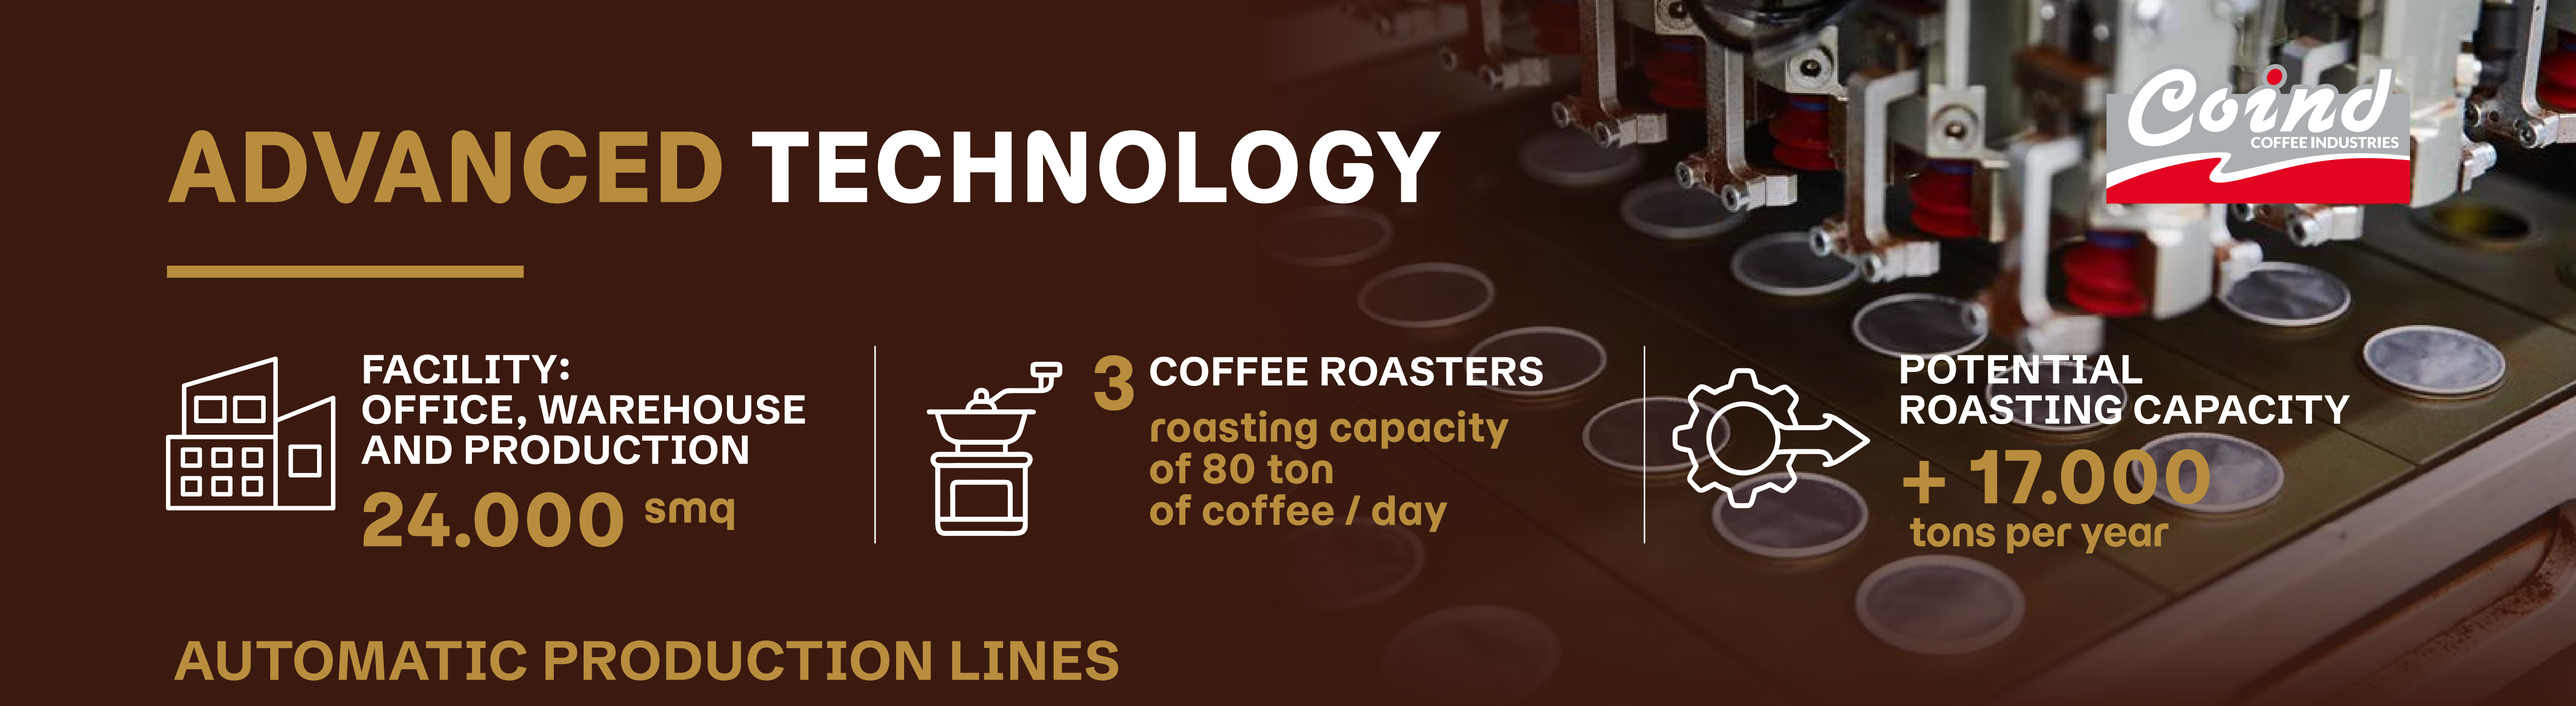

Coind considers its own social role an essential part of its own identity.
We promote respect for our employees' rights, consumer protection and environmental preservation, sustaining fair trade and supportive practices.

Each Coind product starts with **rigorous checks and certified quality and food safety standards.**
No production batch has ever been recalled from the market: a concrete result that demonstrates the rigor of our checks.

*Nespresso®, Nescafé® Dolce Gusto®, Lavazza® A Modo Mio®, Lavazza® Blue®, Lavazza® Espresso Point®, are a registered trademark owned by a third-party company which is not connected in any way with Coind.

SUSTAINABILITY

Coind considers sustainability a pillar of its business model.

In 2020 we began the preparation of a Social Report, however today our commitment is embodied in the Sustainability Report, a key tool for transparently communicating the actions taken and results achieved in accordance with GRI Standards.

The 2024 Sustainability Report has already incorporated the principles of the Corporate Sustainability Reporting Directive (CSRD), regarding the double materiality / double relevance that were further consolidated in the 2025 Sustainability Report.

SUSTAINABILITY

ENVIRONMENT

Purchase of electric energy 100% from certified renewable sources.

Use of photovoltaic panels installed in the warehouse (Coind's new logistic facility) and at the Coind site, with capacities of 198 kWp and 340 kWp.

Calculation of the product life cycle and offsetting of CO2 emissions through the participation in environment projects.

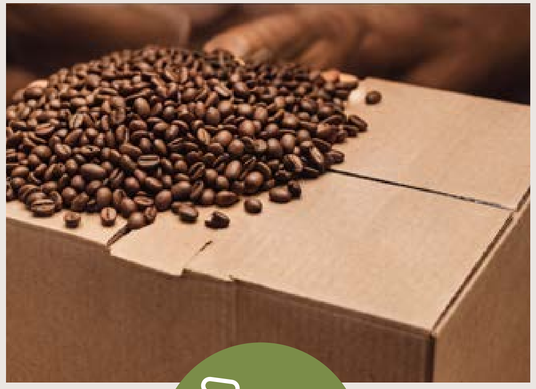

Separate waste collection throughout the facility.

PROJECT F2F (FILM TO FILM) - RE.WIND®.

A project of circular economy that allows to recycle flexible plastic films used in industrial packaging transforming them into a new film, reducing residuals and environment impact, promoting resource reuse and sustainability throughout the entire production chain.

CERTIFICATIONS

Quality is Coind's daily promise to our partners.
Taking care of each production phase with maximum attention, we guarantee food safety and reliability.
At the same time, we place people at the center, promoting our employees' safety, an inclusive environment and policies regarding gender equality, equity, and the valuing of skills.
Coind quality controls begin in the countries of origin, where the company experts carefully select the raw coffee with the best quality and follow the entire production process, through a highly advanced technological system that allow us to guarantee the application of our high qualitative standards, according to the main quality certifications: ISO, BRC and IFS.

EXPERIENCE
Over 60 years of know-how in coffee roasting

PARTNERSHIP
A single goal: grow together

PRIVATE LABEL
CUSTOM-MADE COFFEE

International experience and dedicated customer support

With extensive industry experience, Coind exports to over 50 countries, offering coffee expertise and knowledge into the specific characteristics of different markets, from taste to blend, from roasting to grinding.

A dedicated and multilingual customer support follows each phase of the orders, guaranteeing velocity, correct documentation, shipping punctuality and constant communication with the client.

PERSONALIZED BLENDS

Coind offers **a wide range of recipes:** from 100% Arabica to more intense blends with high percentage of Robusta, including single origin, organic, Rainforest, Fairtrade and decaffeinated.
For specific requirements, **we develop personalized and exclusive blends**, from samples or indications regarding the desired aromatic profile.

BEST COFFEE SELECTIONS

We select coffee from 20 countries of origin.
In these countries, Coind experts carefully select the best raw Arabica and Robusta beans, right at the time of harvest.

WIDE RANGE OF FORMATS

We offer a wide range of formats. Each package is designed to value the brand's design and meet the client's logistical needs.

PERSONALIZED PACKAGING

We support the client in creating **distinctive and highly personalized packaging** thanks to different options of printing.

LOGISTICS

We distribute to **over 50 countries**. Our logistics operations are **integrated and extensive**, specifically designed to meet the rigorous dynamics of **large-scale retail** and the entire **sales network**.

QUALITY AND PRODUCTION RELIABILITY

Each product is made following **rigorous technical standards**, to ensure quality and continuity of supply. Thanks to the production line at high capacity, we can guarantee **fast production** and **reliability**.

OUR BRANDS

MESETA®
ESPRESSO PREMIUM

“It’s time for a good coffee”: Meseta is simply a good espresso, adapted to be tasted in each moment of the day.

Today Meseta offers complete assortment, capable of covering all the main areas of the coffee business: from professional world, with an accurate selection of coffee beans, to the retail world, with coffee beans, ground coffee, capsules and pods.

Meseta Coffee proposal is designed to ensure you never have to renounce the rich, full-bodied flavor of a true espresso, even away from the coffee bar.

1918
ATTIBASSI
Bologna

Attibassi starts in 1918 in Bologna as Artisan pastry shop. Then, thanks to the passion of the two founders, the business grows and expands to include the world of coffee as well.

Today Attibassi exports worldwide its own idea of quality: a wide range of products carefully crafted, made from highly selected coffees and enhanced by expert roasting, electronically controlled at every stage of the production process.

It’s passion for quality, together with an authentic passion for the expresso, to make Attibassi the choice for those seeking a coffee capable of telling a story of taste, expertise, and Italian tradition.

CAFFÈ
CARRACCI

Caffè Carracci draws inspiration from Italian cities bringing to life coffee beans and capsules with a distinctive, unmistakable taste.

A coffee from thousands facets and thousands flavors, designed to satisfy every consumer’s palate and tell the story, cup after cup, of Italy’s soul.

With Caffè Carracci, Coind aims to bring to life within the expresso the intensity of Palermo, the tradition of Napoli, the sophistication of Milan and the classic character of Bologna. Four iconic cities, four interpretations of flavors that translate themselves into unique sensorial experiences.
