*Studi e
Pianificazione
del Territorio*

COMPANY PRESENTATION

Who we are

SPT (Studi e Pianificazione del Territorio)

is a dynamic Italian Consulting company based in Roma with 40 years' experience in the field of transport planning and engineering studies, acquired through a continuous process of assignments given by prominent international and national institutions for the territorial development in different parts of the world.

SPT collects the professional experience and know-how of experts in different sectors related to territory comprehension and design (Infrastructure Engineering; Sustainable Transport & IT Innovation, Economic Development plans; Urban Mobility Plans; Asset management systems; Logistics and Trade & Transport Facilitation; Environmental & Climate Change Studies; Economic and Social Analysis; PPP financing; Project Evaluation and Monitoring).

SPT can carry out sectoral or integrated consulting services in the different phases of: Identification, Preparation, Evaluation and Implementation of Territorial Projects, Plans or Programmes and can assure the continuous Training, Technical Assistance and Monitoring of their realisation.

What we do

Who we work with

SPT is mainly specialised in activating professional co-operation between developed and developing countries.

Main reference organisations are the Italian Ministry of Foreign Affairs, the European Union, the European Bank for Reconstruction and Development, the World Bank, the Inter-American Development Bank and the various U.N. Organisations.

Ministero degli Affari Esteri
e della Cooperazione Internazionale
