

THE EL DIABLITO STORY: GREAT TASTING JERKY THAT IS BEYOND SUSTAINABLE:

We're flipping the script on the invasive devil fish in Mexico and turning it into tasty, sustainable jerky. Because of the devil fish's unique texture, our El Diablito jerky tastes and feels like beef jerky but comes with all the benefits of eating fish. We founded Acari in 2018 to create new, better economic opportunities for rural fishermen affected by this exotic and invasive fish. With El Diablito jerky, we're delivering a delicious snack and empowering fishermen while helping to restore the natural ecosystem.
