

# MARKETERS OF OIL PRODUCTS

# ABOUT US

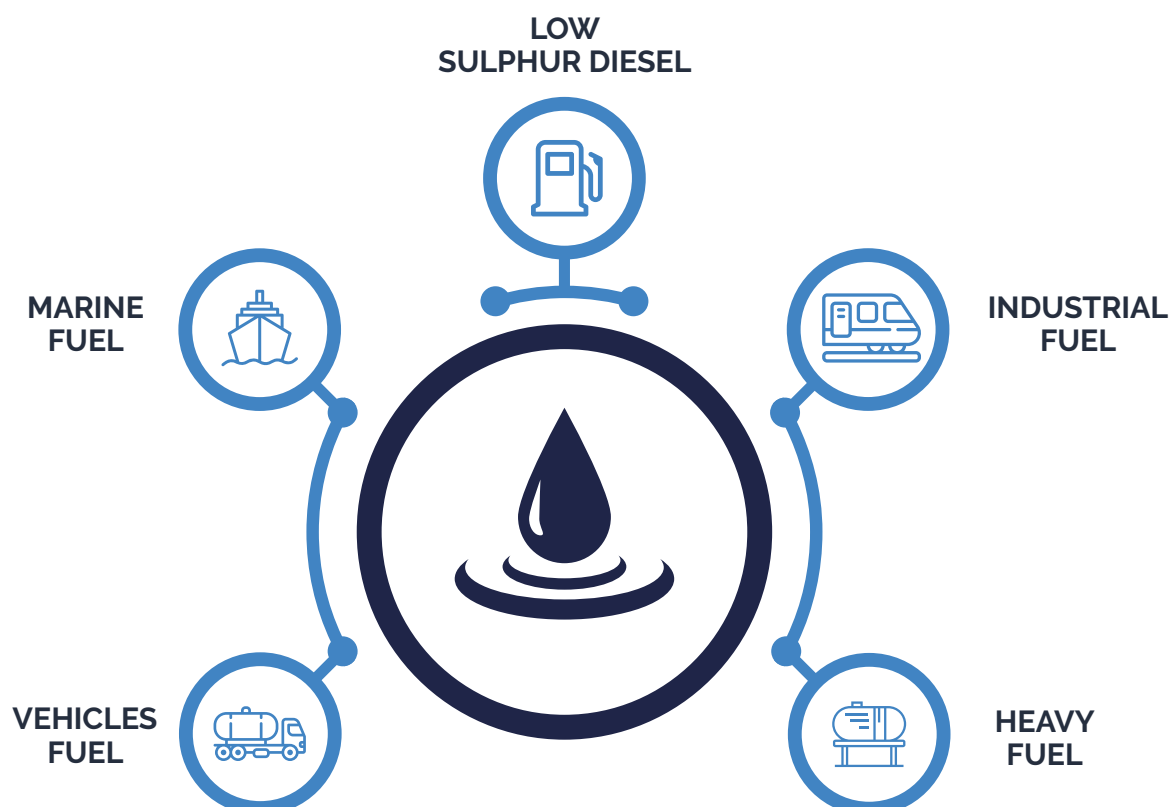

ENERMAR has become the leading supplier of marine fuels in the Gulf of Mexico, adding value to the supply chain of our customers, through a comprehensive service offered mainly to the oil and gas industry, transportation and the industrial sector of the country.

We also market fuels internationally, having as our main objective to generate commercial alliances with other physical suppliers that can develop with us competitive offers and deliver quality products that can also add value to the needs of our customers.
