INTERNATIONALIZATION OF BRANDS & COMPANIES

Lokahi Trade carries out a highly innovative work on internationalization.

This service is nothing more than to bring companies and brands of products, whether Brazilian or foreign to countries other than their origin.

The work is carried out in different dimensions depending on the needs and objectives of each client.

There are companies that want to open a branch in a foreign country and therefore need accounting, legal, administrative, technical and commercial support.

We meet these types of demands in whole or in part in order to make companies achieve the success of their projects.

For a better understanding, see the stock cast that can be carried out by Lokahi.
