

Turning opportunities into real business. As a business incubator, GRUPO ERGONE connects you with qualified partners, investors and a sophisticated network of tech, legal and innovation experts.

TURNING OPPORTUNITIES INTO REAL BUSINESS

GRUPO ERGONE is a company specialized in the support of business management, acting as a full-service consultancy and as strategic partner by developing special projects on demand. Our goal is clear and concise: let your company devote its fullest to its end-activity. For this to happen, we have an experienced, multidisciplinary and highly qualified team to take care of your administrative, financial, legal and institutional interests. Prosperity is the definition of our work. The ERGONE Group was created with the purpose of implementing the ideas that are compatible with the work methodology, which its partners envision in the national and international market. With caution in choosing the business, The ERGONE Group has been undertaking new projects with a dedication to meet the demands of its partners and associates based on their characteristics.

ERGONE BUSINESS

We assist companies from different segments by the structuring of long-term fundraising operations, as well as business intermediation in general.

ERGONE STARTUPS

We bring together potential investors and startup companies with the purpose of uniting them to empower existing businesses.

ERGONE DIGITAL

Digitization has changed the business model as well as the way to communicate. So that your business is not stifled in the digital world ERGONE along with its partners supports your company to develop a business model that adheres to the demands of the digital scenario.

ERGONE TRADE

In partnership with several trading companies from Europe, the United Arab Emirates and Latin America, the Group has developed an effective export and import business network.

ERGONE LEGAL

Together with acclaimed, experienced, qualified and knowledgeable public and private sector law firms, the Group seeks the in-depth knowledge for its clients within national and international level. We always work guided by the best lawyers with creative and effective solutions with a multidisciplinary approach in mind.
