Executive Summary

Eska Pharma GmbH is a trusted company researching, manufacturing, and distributing effective luxury skin care products with German Standards.

About Us

With over 2 decades of experience in the medical equipment industry, we are committed to providing our customers with only healthy products, and we take great pride in the amazing results we have delivered over the years. We provide soothing solutions for all skin types, including Anti-aging ampoules, skin brightening, cell regeneration, moisturizing, and smoothening.

Our Vision

We strive to bring people all around the world the professional and advanced skin care they need to complement their luxurious tastes and provide amazing results from their skincare routine using our Pharma background.

Our Mission

Our mission is to offer people a safer and more cost-effective alternative to plastic surgery while helping them maintain a youthful appearance as they age.

Health and Safety

In our pursuit of safe and healthy solutions, we have integrated stem cell applications and plant-based ingredients that enhance skin's natural regenerative abilities, while combating the negative effects of environmental factors.

Introduction

This document describes the Eska Pharma GmbH Product range.

Product Description:

ESSENCE OF CAVIAR AMPOULE

Get flawless skin.

The key component of the ampoules is the revolutionary active ingredient complex Reproage™ peptide. The ampoule boosts the stimulation of stem-cell-related genes in the epidermal cells. This active component helps to support cell generation, causing the skin's ability to renew itself to decline with age. This action provides a radiant and refreshing look alongside a flawless complexion that is visible even with mature skin. It has a pH value of approx. 5.5 – 6.0.

ESSENCE OF CAVIAR 24-HOUR FACE CREAM

Boost skin's drained structure.

Reinvigorate your skin with our exclusive caviar extract complex. Specifically formulated to boost the structure of tired skin, Essence Of Caviar 24-Hour Face Cream, offers powerful anti-aging properties alongside natural bio-peptides that help to stimulate cell turnover.

With luxurious and high-quality ingredients, this product comes with no mineral oils or parabens. It is highly effective in treating "crow's feet" and is well-suited for dry skin as it helps with skin regeneration.

Important ingredients: Caviar Extract, Collagen Booster Palmitoyl Tripeptide-5, Q10 (high dose), Aloe Vera, Vitamin A + E, Shea Butter, Bisabolol, Almond oil, Apricot Kernel Oil, Squalane, Panthenol.

No Mineral oil, silicone, PEGs, or parabens.

Product Description:

ESSENCE OF CAVIAR EYE CREAM

Treat wrinkles and dry skin around the eyes.

This deluxe, luxurious, and potent eye-care product is designed to deliver the same effects as Essence Of Caviar 24-Hour Face Cream but is specifically tailored for the eye area.

Highly effective in treating wrinkles, Essence Of Caviar Eye Cream works wonders to disappear “crow’s feet” and is ideal for dry skin around the eyes as it promotes skin regeneration.

Active components: Caviar extract, Collagen Booster Palmitoyl Tripeptide-5, Hyaluronic acid, Almond and Jojoba Oil, Sorbitol, Vitamin E. No mineral oil, PEGs or parabens.

HYALURON AMPOULE

Enhance your skin elasticity.

Hyaluron Ampoule is a real all-rounder. With highly concentrated hyaluronic acid, this ampoule helps your skin regain its natural firmness, binds moisture, improves skin elasticity, and strengthens the natural barrier function of the skin.

The Hyaluron Ampoule features a beet-root extract that soothes irritations with its anti-oxidant properties.

The extract also contains betaine and panthenol, two components that counteract dehydration and make the skin appear tighter, firmer, and smoother.

Product Description:

HYALURONIC ACID 24-HOUR FACE CREAM

Strengthen your skin and lock in moisture.

This 24H cream, formulated to help firm and smooth the face, reduces evaporation and binds moisture in skin cells. Hyaluron 24H Cream contains both low and high-molecular hyaluronic acid, lipid-active ingredients such as Squalane, Shea Butter, and Avocado oil, along with a variety of nourishing components.

With no mineral oil or parabens, this cream has a supple, pleasant aroma.

Eska Pharma HYALURON 24H CREAM

EP-H401

50 ml

HYALURONIC ACID EYE CREAM

Smooth out lines around the eyes Smoothen dry lines and wrinkles with the help of this efficient hyaluronic acid complex eye cream.

Hyaluronic Acid Eye Cream contains plant oils that hydrate the eye area, leaving it supple and moisturized. Due to its quick action, this silky cream absorbs fairly quickly.

As a result, it provides hydration to the skin, promotes a glowing and radiant look, and gives you visibly youthful skin.

This eye cream is worth taking note of because of its squalane. Since it strengthens the skin barrier, helps retain moisture, and is ideal for every skin type, but especially for dry skin.

Product Description:

STEM CELL AMPOULE

Firming and anti-aging ampoule.

The Stem Cell Ampoule has an innovative active ingredient, that is whole stem cells extracted from sea holly. Sea holly has proven particularly adaptable to tough environmental conditions and helps restructure and protect the skin. Skin is visibly improved and firmed, and appears fresher and brighter. Stem cells protect the skin from environmental stress, helping to counteract premature skin aging! The pH value is approx. 6.0 – 6.5.

STEM CELL 24-HOUR FACE CREAM

Eska Pharma effective anti-aging Stem Cell 24-hour cream. Made from a blend of triple stem cells, precious plant oils, and highly effective hyaluronic acid, this cream is unbeatable in the fight against wrinkles.

The key ingredient is ARGIRELINE®, a reactive component that contains six different amino acids that help to prevent the formation of skin wrinkles.

By balancing the tension in the skin, this cream helps it appear firmer and more youthful. It also facilitates the presence of elastin and collagen, two components that are vital in the fight against wrinkles.

The herbal stem cells used in this cream are extracted from some of the most exquisite species of Swiss apples, grapes, and yellow azalea. These ingredients are proven to boost the vitality of the skin's natural stem cells while protecting it from environmental stress and aging. This cream is free from mineral oil, silicones, parabens, PEGs, and animal-based ingredients, making it a safe and effective choice for anyone looking to improve their skin's health and appearance.

Eska Pharma STEM CELL 24H FACE CREAM

50 ml

STEM CELL EYE CREAM

This eye cream is enriched with stem cells extracted from exclusive apples, grapes, and azalea. It is also rich in lipids, amino acids, polyols, polyphenols, and saccharines.

These ingredients play a key role in:

- Firming and tightening the skin
- Boosting the skin stem cell growth
- Stimulating skin regeneration
- Protection against environmental stress
- Reducing inflammations
- Treating lines and wrinkles

Stem Cell Eye Cream nourishes the sensitive eye area with non-creeping herbal oils and keeps it smooth, well-protected, and revitalized.

Free from mineral oil, silicone, PEGs, parabens, or artificial colors.

WHITENING AMPOULE

Lighten your skin tone.

This safe and perfume-free Whitening Ampoule strengthens collagen fibers thereby helping you achieve a fresher and more youthful appearance.

Whitening Ampoule contains tetrapeptide that facilitates collagen synthesis alongside hydrating ingredients that moisturize and soothe the skin. It is completely made with plant-based components.

It has a pH value of approx. 5.5 – 6.5.

Eska Pharma WHITENING AMPOULE

EP-A502

14 x 2 ml

TIGHTENING AMPOULE

Holds the skin taut and firm.

This ampoule features a special and newly formulated transport system for collagen that transports the active components to areas where they are most needed. This specific function makes it one of a kind as it can permeate into the dermis while building up the skin efficiently.

It also comes with a tri-peptide on a glycerin basis that acts as a stimulant for the synthesis of collagen and an effective replacement for collagen injections.

It has a pH value of approx. 6.0 – 7.0.

Eska Pharma TIGHTENING AMPOULE

Sterile Micro-Needling Ampoules

Hyaluronic Acid Ampoule, Sterile

Visible anti-wrinkle effect.

Highly effective ampoule with the proven sterile hyaluronic acid solution.

Hyaluron Ampoule Sterile has visible anti-aging effects through deep moisturizing and hydration of the epidermis and helps in removing wrinkles.

Hyaluronic acid keeps the skin hydrated, binds the moisture, and strengthens the skin barrier, that's why it is ideal for care during and after dermatological skin treatments.

This ampoule can be used with ultrasound skin treatments. It supports apparatus applications such as micro-needling, therefore the Hyaluron Ampoule, Sterile is the ideal home-care skin product.

Fragrance-free, Free of dyes, oil, parabens, or PEG. Suitable for all skin types especially sensitive skin.

Eska Pharma HYALURON AMPOULE, STERILE

EP-A507

15 x 2 ml

Sterile Micro-Needling Ampoules

Tightening Ampoule, Sterile

Mimics the action of Botox & and rebuilds the skin's moisture reservoir.

Oil-free ampoule with proven sterile active ingredient Argireline™ for reducing mimic wrinkles. Tightening Ampoule, Sterile Contains Argireline and Hyaluronic acid as the active ingredient extract.

Argireline™, a highly active peptide substance, has an effect similar to Botox and it relaxes facial expression muscles and as a result, reduces the expression lines up to 5%.

Hyaluronic acid replenishes the skin's moisture reservoir.

This ampoule can be used with ultrasound skin treatments. It supports apparatus applications such as micro-needling, therefore the Tightening Ampoule, Sterile is the ideal home-care skin product.

Fragrance-free, Free of dyes, oil, parabens, or PEG. Suitable for all skin types especially sensitive skin.

Eska Pharma TIGHTENING AMPOULE< STERILE

EP-A506

15 x 2 ml

Sterile Micro-Needling Ampoules

Vitamin C Ampoule, Sterile

Ideal for mature skin with wrinkles and hyperpigmentation.

Highly effective ampoule with proven sterile stabilized Vitamin C. This ampoule increases collagen synthesis and reduces existing wrinkles and skin roughness. It improves skin elasticity and smoothness. Vitamin C Ampoule, Sterile protects the skin against UV-induced skin damage and harmful influences.

This ampoule is considered an ideal treatment for hyperpigmentation and age spots due to its skin-lightening effects. This ampoule can be used with ultrasound skin treatments.

It supports apparatus applications such as micro-needling, therefore the Vitamin C Ampoule, Sterile is the ideal home-care skin product.

Fragrance-free, free of preservatives, dyes, silicone oils, parabens, or PEG.

Optimally tolerated even by sensitive skin.
