Our services

Accounting

Setting the Standard for Financial Management Excellence: We envision being the most trusted accounting partner for small businesses across Los Angeles, Orange, and Riverside Counties. Through innovative solutions and exceptional service, we aim to transform how businesses manage their finances and achieve their growth objectives.

Bookkeeping

With 18+ years of experience serving Los Angeles County, Orange County, and Riverside County, we provide comprehensive bookkeeping solutions for small businesses, nonprofits, and various industries. Complete bookkeeping services including AP/AR, payroll, reconciliation, and financial management.

Advanced Analytics

For small manufacturing businesses in Los Angeles, understanding financial health is crucial for making informed decisions. Financial ratios provide insights into profitability, liquidity, efficiency, and financial stability.

Our team

At Key Forecasts, our team combines decades of experience in accounting, financial forecasting, and strategic consulting to help small businesses and nonprofits thrive.

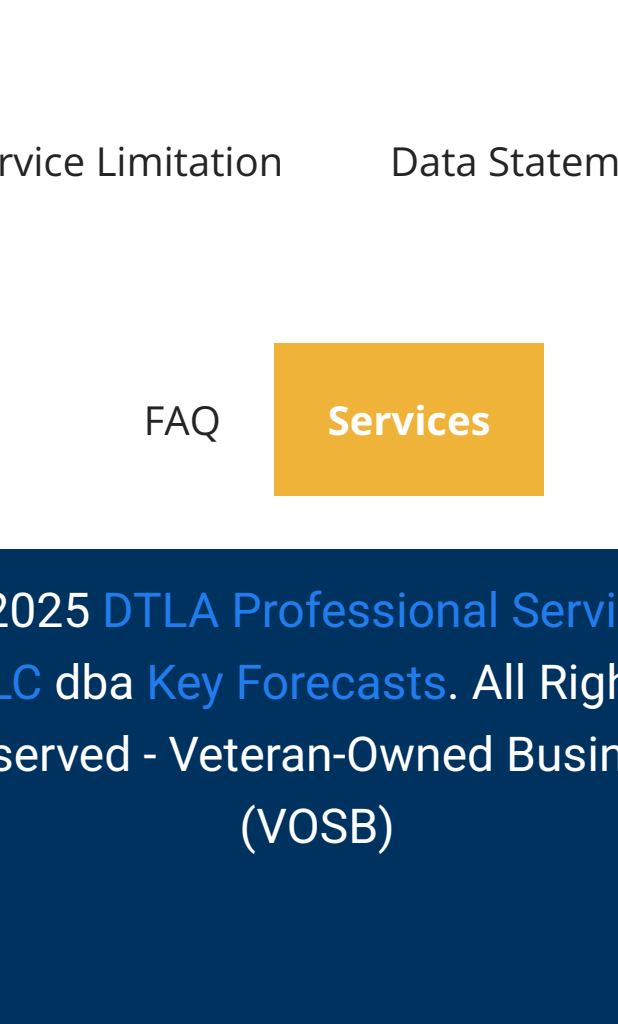

Rafael Gutierrez Jr

CEO/Financial Controller

Carlos Martinez

Accounting Specialist

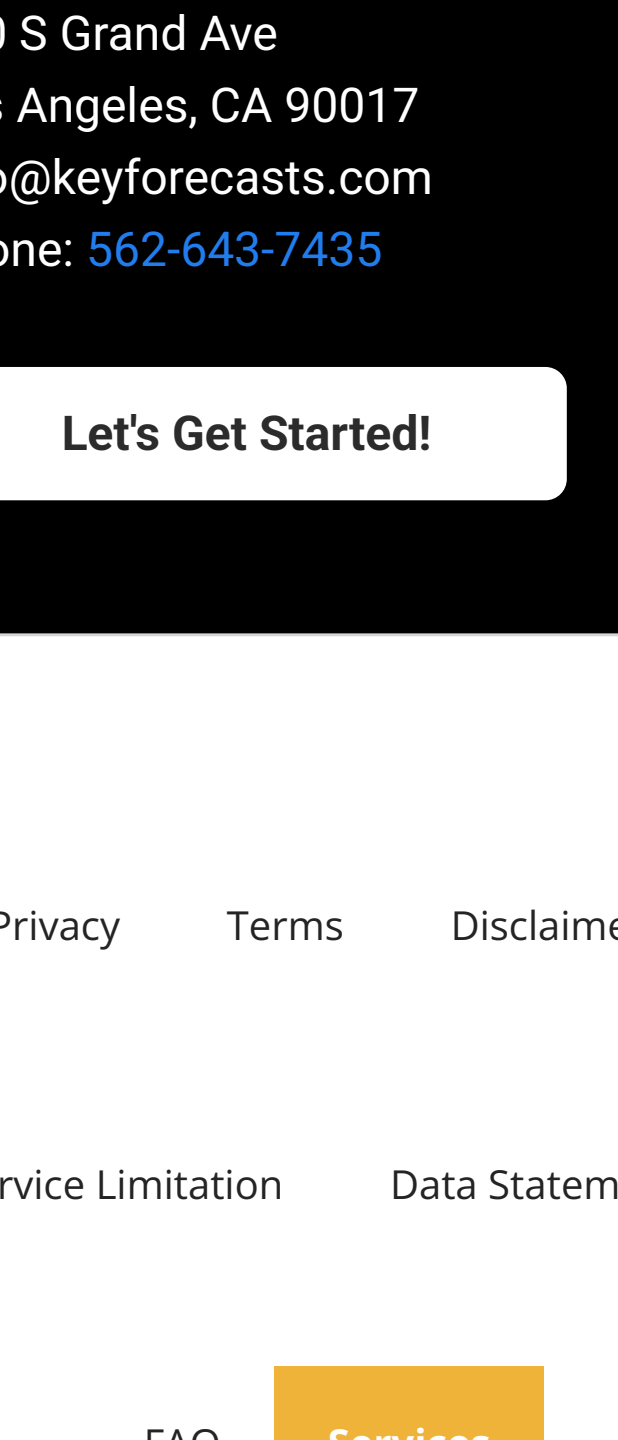

Michael Andrews

CFO Consultant

About us

We understand that while small and medium-sized businesses need high-level financial expertise, many cannot sustain the cost of a full-time controller. That's where Key Forecasts bridges the gap. Every client engagement includes controller-level oversight and strategic financial guidance, ensuring your business benefits from professional financial management typically reserved for larger corporations.
