## CHEMISTRY THAT WORKS WITH HARMLESS CHEMICALS

## IMOASH LOFOAM

### ENVIRONMENT FRIENDLY BIODEGRADABLE LIQUID DISHWASHER

**Imoash Lofoam** is another unique product, sulphate free and phosphate free environment friendly bio-degradable liquid dishwasher that cleans and shines all types of utensils with special low foam cleaning technology.

**Imoash Lofoam** uses decade old concept of cleaning with Imli and Lemon. It does not harm human skin. Its unique fragrance adds more freshness and makes cleaning a new experience.

Due to low foam cleaning technology, it is very easy to wash out with Imoash Lofoam consuming less water, practically leaving negligible or nil residue in utensils with minimum effort.

#### Salient Features:

- Low Foam Cleaning Technology
- Consumes Less Water
- Easy Washing with Minimum Effort
- Negligible or Nil Left over Residue after wash out with water
- Sulphate free
- Phosphate free
- Dishwash with imli and lime
- No Harmful Chemicals
- Clean and Shine Formula
- Human skin friendly
- Environment friendly bio degradable
- Refreshing Fragrance

**Application:** Imoash Lofoam can be used to clean all types of utensils.

**Usage:** Dilute 5-10ml Imoash Lofoam in 50ml water and apply with scrubber evenly over the utensils and then rinse thoroughly.

**Available Pack Size:** 225ml

## IMOASH LIME

### MULTIPURPOSE CLEANER AND OIL REMOVER ..... IDEAL FOR EVERY KITCHEN

**Imoash Lime** is a multipurpose cleaner and oil remover. It is specially formulated to cut through Grease and Grime with Excellent De-greasing. “**Clean and Shine**” formula with refreshing fragrance are just other attributes to make it ideal for every kitchen .

#### Salient Features:

- Removes Grease and Grime
- Clean and Shine Formula
- Refreshing Fragrance
- Ideal for Every Kitchen
- No Harmful Chemicals

**Application:** For Cleaning Floor, Kitchen Table Top, Gas Oven, Stove, Chimney, Dish Rack, Grill, Kitchen Sink, Wall Tiles and Stones.

**Usage:** For regular cleaning, take 10-20 ml Imoash Lime in 5 Liter water and apply evenly with scrubber/ cotton cloth over the surface you want to clean. Rinse and mop thoroughly to dry. To remove excessive oil and grease, use 50 ml Imoash Lime in 1 Liter water. For better result, clean with Imoash Lime daily.

**Available Pack Size:** 500 ml

## SAFELIN BLUE

### BIODEGRADABLE TOILET BOWL CLEANER

**Safelin Blue** is a Biodegradable Environment Friendly Toilet Bowl Cleaner. We don't use any type of inorganic acid (such as, hydrochloric / muriatic acid) to make it environment friendly and bio-degradable. Still, it is very much rough on toilet bowls to remove tough stains and to clean dirt and soil. It gives instant shine. Refreshing fragrance just adds extra freshness.

#### Salient Features:

- Free from any inorganic acid
- No Harmful Chemicals
- Cleans Dirt and Soil
- Removes Stain
- Refreshing Fragrance
- Safe for Septic Tanks and All types of Sewerage System

#### Application: Toilet Bowls

**Usage:** For regular cleaning, apply 20-50ml Safelin Blue Liquid evenly in toilet bowl and under the rim with nozzle by pressing the container. To spread the cleaner evenly all over the surface, apply brush. Wait for 5-10 minutes and then rinse thoroughly with water. For better result, clean the toilet bowl frequently with Safelin Blue.

**Available Pack Size:** 500ml

## SAFELIN RED

### CHLORINE FREE REGULAR USE BATHROOM CLEANER

**Safelin Red** is chlorine free bathroom cleaner to clean dirt and oil and to remove soap scum in bathrooms. It works without chlorine and so, it is very safe to use. Its chlorine free special cleaning formula and refreshing fragrance make bathing more enjoyable in a bathroom, washed with Safelin Red.

#### Salient Features:

- Chlorine Free
- No Harmful Chemicals
- Cleans Dirt and Oil
- Removes Soap Scum
- Refreshing Fragrance

**Application:** Safelin Red can be used to clean basin and all types of bathroom floors.

**Usage:** For regular cleaning, wet the surface you want to clean with water. Remove extra water and apply Safelin Red (20-50 ml) evenly with scrubber / broom. Rub gently and wait for 5 – 10 minutes. Then rinse thoroughly with water. To remove old dirt and stains, use Safelin Red directly on the surface without water. For better result, clean the bathroom daily with Safelin Red.

**Available Pack Size:** 500ml

**SAFELIN RED – A NEW EXPERIENCE OF SAFE CLEANING**

Sense the Essence of Nature

# “Melodier” – The Right Choice

Experience the Melody of Exclusive Fragrances

PREMIER QUALITY ROOM AIR FRESHENER AND AIR DEODORIZER

## MELODIER – MELODY OF FRAGRANCES

### PREMIUM QUALITY ROOM AIR FRESHENER AND DEODORIZER

Normally, room air freshener masks bad odour in room and when the smell of air freshener goes off, one may smell the bad odour again. Here lies the difference in our brand **MELODIER**. We are blending a special imported deodorizer in our product which first deodorizes the room. And after a few seconds, essence of melodier gradually spreads in the room. It keeps the air so fresh that one can feel the difference even after hours.

It is very good to use in air conditioned rooms, toilets and even in bedrooms before sleep.

We have seven variants in Melodier to suit different choices and moods. In our sweet lavender and exotica, we are using essential oils which are believed to give relief from anxiety and stress. Other variants are Pink Heaven (Rose), White Princess (Jasmine), Mystic Lily, Aqua Bliss and Serenity:

**Melodier Aqua Bliss** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with mixed note of blissful fragrances for long lasting aroma and freshness. Melodier Aqua Bliss contains unique blend of specially chosen finest quality fragrance to create a joyful ambience in your room.

**Melodier Serenity** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with mixed note of soothing fragrances for long lasting aroma and freshness. Melodier Serenity contains unique blend of specially chosen finest quality fragrance to create a tranquil ambience in your room.

**Melodier Exotica** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with fragrance of exotic flowers of tropical region for long lasting aroma and freshness. Melodier Exotica contains unique blend of specially chosen finest quality essential oil collected from EXOTIC FLOWERS of Tropical Region for Natural Fragrance and Goodness of Essential Oil in your room.

**Melodier Sweet Lavender** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with subtle floral smell of Lavender for long lasting aroma and freshness. Melodier Sweet Lavender contains unique blend of specially chosen finest quality essential oil for Natural Fragrance and Goodness of Lavender in your room.

**Melodier Mystique Lily** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with sweet pleasant fragrance of LILY for long lasting aroma and freshness. Melodier Mystique Lily contains unique blend of specially chosen finest quality fragrance to create pleasant ambience in your room with Fragrance of Lily.

**Melodier White Princess** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with pleasant fragrance of JASMINE for long lasting aroma and freshness. Melodier White Princess contains unique blend of specially chosen finest quality fragrance to bring soothing Freshness of Jasmine in your room.

**Melodier Pink Heaven** is premium quality room air freshener with specially formulated air deodorizer. Its special deodorizer eliminates bad odour first and controlled release formula gradually fills room air with Exquisite Fragrance of Fresh Roses for long lasting aroma and freshness.

### Salient Features:

- Eliminates (not masking) Bad Odour in Room
- Long Lasting Aroma and Freshness
- Propellant (Gas) Free
- Mixed note of Blissful Fragrance

**Usage:** For the perfect mist, keep the bottle upright and press firmly each time you spray. Spray towards the corner of the room. Spray more for longer freshness.

Carton Pack and 500 Gm Carton Pack.

## ABOUT US

Glass needs no introduction in modern day usage. We started with glassware in the early seventies of the last century catering to the basic needs of glass containers. We did merit customer satisfaction, but by the time glass was on its way out of mass public use and we felt the need to diversify into other fields keeping in view our past expertise, consumer base, our good will, and zeroing on the changes in the patterns of consumer items for the future. Thus, came into existence - **JMT GLASS AND AGRO PRIVATE LIMITED.**

Plastic containers were making inroads in the market by this time and we switched over in the nineties. Plastic bottles and other wares need proper packaging and also quality printing. To ensure complete satisfaction of the customers we had to develop the total package and our efforts crowned with complete success. But we were not happy with producing containers only. The quality of items being packed and sold in our containers,—we felt much left to be desired. Those were mostly aimed at cleansing and sanitation, with occasional deodorants. This set us thinking about bringing in quality products in these fields and our R&D department was entrusted with the task of introducing new variants catering to the tastes of discerning public.

The need for cleanliness and sanitization within the precincts and the surroundings is a prime one. The field is quite large in products of home care. Our first choice was to take up the cleanliness of the home as unless this is ensured, taking further steps become futile as it loses sight of the fundamentals. Simultaneously we felt, if cleanliness and sanitation could be dovetailed with ensuring a soothing smell, that is eco-friendly and without any side-effects,—the goal of ensuring quality life could be within the reach. The chemistry should work but without the harmful effects of chemicals.

We are happy to bring it to the notice of our valued customers that through our concerted efforts, we have been able to come up with multiple choices of home care products aimed at not only ensuring a healthy life free from contaminations, but simultaneously improving upon the quality of life. The journey had to start with pine cleansers which are natural disinfectants and pellets to ensure sanitizing the open as well as covered areas. Our Deocleaner range of products and Mahapower Naphthalene balls provide the complete solution to reach this aim.

The kitchen, the dining hall as well as the adjoining areas need to be spruced up to get rid of the musty smells if any. With that end in view, we have come up with the range of herbal pine cleaners by blending pine with citronella, a

second one of fresh lemon and a third one of jasmine. All these are in our Deocleaner category.

A complementary requirement is to ensure cleansing the toilet bowl, and the washroom floor and tiles. Our Safelin range attend to those requirements—one taking care of the bowl, and the red variant, the floor and the tiles. To add extra sparkle to the floors and fittings of the interiors and kitchen, we have come up with Mr. Spark - X, a multipurpose cleaning powder for all patterns of metal and porcelain fittings and utensils. We haven't stopped there. Our Mr. Spark-X range also includes Marble cleaning powder, Liquid Floor Cleaners with Germ Protection and also Glass Pane Brightener.

It's time now to attend to the living area, the lounge, study room, office cubicles well as the bedroom, cloak rooms etc. To create a pleasing ambience we have our range of Melodiers—room fresheners of premium quality with special attention to make them function as deodorizers. Needless to say the smells are all of the nature, and these are of seven variants known as Aqua Bliss, Serenity, Sweet Lavender, Exotica, Mystique Lily, White Princess and Pink Heaven.

Our journey still continues. There is also a choice of multipurpose cleaner that takes care of the kitchen chimneys along with other accessories for cooking and serving. Cleaning of the used utensils and dishes as well as cutleries deserves no less attention. To achieve this goal, we have come up with liquid dishwasher – Imoash Lofoam.

Products in plenty are available in the market but, we have concentrated on the quality of product and cost efficiency to achieve the complete satisfaction of our customers. Quality of a finished product obviously depends upon use of best quality raw material, and requisite advance technical know-how. These are our strong points as we do not compromise in quality while procuring raw material, our teams of experts are always engaged in search of better technical inputs.

In line of our aim to provide our customers quality products at an affordable cost, we have pleasure to implement online buying facility integrated with this website which is fully secured with 256bit SSL. Here, customers can view and order online our products seamlessly. All orders will be promptly executed by our authorized distributor, M/s. J M Traders and products will be delivered at customer doorsteps within reasonable time.

We approach you with all our offerings, with a fervent wish it adds to the quality of your life as well as ours through your active support.
