FRP Gratings & Composites Limited
3 Luckput Street
St. James
Trinidad & Tobago
Phone/Fax: 868 622 0841

Operations Centre:

Wyabi Pen
Carapichaima

Company Background:

FRP Gratings & Composites Limited has been in operation since 2000 when the company started at its administrative office in St. James. In late 2004 fabrication operations were shifted to a newly acquired one (1) acre site located in Carapichaima, Central Trinidad.

FRPGC offers a complete range of in-house services including design, fabrication and installation, all of which are to ISO 9001-2000 Standards. The Operations Centre can handle fabrication of large fiberglass structures as well as repair and construct tanks up to 16ft diameter and 16ft height. Over the years we have maintained a successful track record of executing projects and often custom jobs for our clientele who are involved in petrochemical, offshore oil and gas, water and wastewater and architecture. Our resource base includes industry leaders – Kemrock, Conley, KWH Pipe, Ashland Chemicals, RODI Systems, Aquatec Inc., Redriven Power Inc.

With our “*transforming tomorrow*” vision, we have broadened our portfolio to include Alternative Energy, Desalination, and Wastewater Treatment.

Our major products include:

- | | |
|-----------------------------------|--|
| ▪ Fiberglass Gratings | ▪ Cable Trays |
| ▪ FRP Structural Sections | ▪ HDPE pipes & fusion welding |
| ▪ FRP Handrail and ladders | ▪ Windwalls |
| ▪ FRP Pipes (ABS, DNV Approved) | ▪ Raised Floors |
| ▪ Special Fabrications | ▪ Industrial Doors |
| ▪ Tanks | ▪ Desalination and Wastewater Treatment |
| ▪ Flood gates | ▪ Aluminium and Stainless Steel Gratings |
| ▪ Wind Turbines & Solar Solutions | ▪ Wind Resource Assessment |

Our management team includes personnel with over 20 years experience in the engineering industry, which combines with our extensive design and workshop capabilities, to allow custom fabrication of structural systems to address our customers unique requirements. We are continuously diversifying and improving our product range and processes. We conduct our business based on enduring relationships, trust and perseverance. FRPGC aims to provide the best industrial solutions for our clients' needs and ultimately create value for money.
