

**Product name:****Sacha Inchi Savory Snack Data Sheet****Product description:**

It comes from the sacha inchi (*Plukenetia volubilis*) seeds, climbing oil plant, known ancestrally for its nutritional benefits

The composition and high nutritional quality of this oilseed, which added to a specific industrial process, have resulted in a delicious snack that has a high content of essential fatty acids 28.25% of Omega 3, 18.92% of Omega 6, 4.83% Omega 9. Obtained 100% from selected Sacha Inchi grains, without added preservatives or additives.

Thanks to the extraction method applied, this snack keeps the seed characteristics as found in its natural form.

The Sacha Inchi Savory Snack is fruit of the inclusive business model **SumaSach'a**, where producers and farmers are part of the industrial companies that produce all our products, breaking the monopoly and intermediation, thus favoring fair trade.
