

ART FASHION BRAND

Original and exclusive prints which celebrate the colors and joyous themes of a culture full of charm and wonder.

GAMBOA BRASIL

ABOUT THE BRAND

WHO WE ARE

The Gamboa Brasil brand was founded by Meire Ehrensperger who was born in the north east of Brazil. Her love of this region inspires her development of original and exclusive prints which celebrate the colors and joyous themes of a culture full of charm and wonder. Her unique prints create a perfect harmony between the smooth and delicate texture of the silk and the rich movement of the designs, which together make her clothing both comfortable and striking. The brand is recognized for the exclusivity and sophistication of its products and was created to offer exceptional works of art for elegant and stylish women.

OUR VISION

Gamboa Brasil is a sustainable brand concerned with the environment.

Our work is inspired by art and culture, which tell stories through out our collections.

INSPIRATION

Salvador, Bahia, Brazil

Art, faith, culture and the joy of living!

OUR KEY FACTS

MODERN FASHION

HANDCRAFTED MODERN DESIGN

The designer Meire Ehrensperger also produces Biojewelry, a artisanal and innovative accessories, which complement a contemporary look. Biojewelry are handcrafted pieces made from materials carefully hand-picked from nature for their unique size, shape, and beauty as well as their positive energy.

SUSTAINABLE

1. MATERIALS

In addition to being elegant and sophisticated, silk is a 100% natural fiber of animal origin that consequently decomposes in up to 3 years, generating less negative impacts on the environment.

Silk is the only fiber that generates a positive carbon balance in its production.

2. PRODUCTION

The brand is adept to upcycling and does sustainable work, using all the leftovers fabric from production to create other small products, avoiding the disposal of waste into the environment

3. SOCIAL

Sericulture (an activity aimed at raising the silkworm) has an important social and economic role, being indispensable in the generation of jobs and a source of income for small rural producers, In the Vale do Paran , approximately four thousand families are engaged in this activity to guarantee their incomes.
