Gecko® develops and manufactures professional cleaning and maintenance solutions for medium and small businesses. We invest continuously in Research and Development (R & D) to formulate new and innovative products for the professional cleaning industry.

We know about the difficulties that daily professional cleaning workers face using products formulated for domestic use in their commercial operations, for this reason, Gecko® products are formulated for those professionals who need to do the job faster, easier and with better results.

With Gecko®, you can clean with confidence and be proud of the results without exceeding your budget.
