

Coffee with a sense of place. A selection for every market.

From ready-to-brew coffee to specialty microlots, our portfolio connects Peruvian coffee origins with consumers and specialty buyers.

OUR SELECTION

Seven product lines to meet a range of consumer preferences and business needs.

Roasted and ground coffee, whole bean coffee, conventional coffee, and a distinctive selection of organic coffees and microlots.

SAN MARTÍN · PERU

01 Roasted and ground coffee

Ready to brew. A convenient choice for enjoying coffee at home, in the office or in foodservice settings.

02 Whole bean roasted coffee

Grind before brewing and adjust the grind size to your preferred method. For cafés and coffee drinkers with their own grinder.

03 Conventional coffee

For buyers seeking conventional coffee supply. Product format, volume and specifications are agreed upon quotation.

COFFEE / 01

Distinctive coffees

Microlots, organic production and partnerships with producer organizations in San Martín.

04 MICROLOTS

Specialty coffee · Cup score 84+

Microlots with a cup score of 84 points or higher. For roasters and specialty buyers seeking coffees selected for their sensory quality.

05 ASPROCOAN

Organic coffee

Organic coffee from ASPROCOAN for buyers seeking a product linked to organic farming and the producer organization's origin.

06 ASPROCOAN

Organic and Fairtrade coffee

Organic and Fairtrade coffee from ASPROCOAN, for buyers seeking both organic production and Fairtrade attributes.

07 MUJERES SIN FRONTERAS

Specialty coffee microlots

Microlots from Mujeres Sin Fronteras, highlighting the contribution of women coffee producers and the value of specialty coffee.

Request lot specifications, availability, supporting documentation and commercial terms. Product characteristics and supply conditions are agreed upon quotation.
