

**OIL AND GAS
SPECIALIST,
40 YEARS IN THE
POLYURETHANE
BUSINESS**

I HISTORY

Hausthene has been operating since 1982 and has been constantly working to offer high quality products and services to its customers. With the support of a highly qualified technical team we are prepared to develop a wide range of projects which require Polyurethane.

Hausthene is a 100% Brazilian company with 40 years of experience providing the national and international markets, including the oil and gas sector, with high-quality parts. We have become a benchmark in the industrial sector which is increasingly opting for the use of Polyurethane.

Since it began operating in the energy sector, Hausthene has designed a large number of successful projects with some of the main players in this market. With the API17L certification (ongoing) we aim at an even greater share in the oil extraction industrial sector.

Located in São Paulo - Brazil, Hausthene has a highly equipped laboratory to assure the quality of every manufacturing step required by Oil and Gas Industry projects.

I PRODUCTS

**Polyurethane products
and services:**

- Bend Stiffeners
- Bend restrictors
- Cable protections
- Flexible and umbilical protections
- Cleaning pigs
