About Our Company

Harvest Horizon is an Egyptian exporter specializing in high-quality herbs and spices sourced from trusted farms and processing facilities across Egypt. We focus on delivering consistent quality and reliable supply to international partners.

We work closely with growers and processing stations across Egypt's main agricultural regions, selecting products that meet export standards for international markets

Our Products

01

Our herbal leaves are procured through standardized harvesting and post-processing methods, delivering uniform texture, clean material, and dependable bulk availability suited for industrial applications.

02

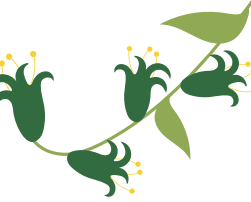

Our seed supply is backed by strict screening and post-harvest handling protocols, offering consistent performance, clean material, and steady availability for bulk import needs.

03

Our range of flowers is procured from monitored growing regions, providing traceable origin, reliable purity levels, and steady availability suited for bulk buyers.

Technical Specifications

Physical Parameters

Cut size:

- whole leaves
- coarse cut
- fine cut (TBC)
- powder

Extraneous matter < 2%

Total ash < 15%

Insects: absent

Chemical Parameters

Volatile Oil > 0.7%

Moisture < 15%

Total ash < 15%

Acid insoluble ash < 4%

Pesticides: MRL as per (EC)

No. 396/2005

Packaging

Bags:

- 10 - 15 - 25kg
- Multilayered paper (min. 2 layers) + Polypropylene inner layer (optional)

Container load:

- 20ft: 14 - 18 Tons
 - 40ft: 22 - 25 Tons
 - 40ft HC: 24 - 27 Tons
- 

Seeds

Anise
Pimpinella Anisum

Fennel
Foeniculum Vulgare

Caraway
Carum Carvi

- 40ft: 24 - 26 Tons
- 40ft HC: 25 - 26 Tons

Quality

We are committed to continuously strengthening our quality assurance systems and plan to obtain recognized international certifications as part of our long-term development strategy. Our objective is to implement increasingly rigorous quality protocols that align with the expectations of global food markets. In parallel, we work closely with carefully selected farms and processing facilities that adhere to strict cultivation, handling, and processing practices. By maintaining strong relationships with reliable growers and reputable processing stations, we aim to ensure that the herbs and spices we source meet consistent standards of cleanliness, safety, and overall product quality required for international trade
