PAKISTANI HIMALAYAN PINK SALT

Himalayan Pink Salt, sourced from the ancient Khewra Salt Mine in Pakistan, is one of the purest and most mineral-rich salts available in the world. Known for its distinct pink hue, this natural salt is formed over millions of years from the crystallization of ancient seas, making it a truly unique and premium product. Rich in over 80 essential minerals, Himalayan Pink Salt is celebrated not only for its health benefits but also for its ability to enhance the flavor of food, making it a popular choice in kitchens worldwide. Its purity, versatility, and eco-friendly harvesting methods make it a highly sought-after product in global markets.

OUR MISSION

01 Deliver Premium Quality

02 Promote Sustainability

03 Commit to Excellence

04 Drive Innovation

05 Ensure Customer Satisfaction

Himalayan pink salt

- Himalayan Edible Pink Salt is a premium, all-natural salt sourced from ancient sea salt deposits deep within the Himalayan mountains. Renowned for its vibrant pink color, this salt is rich in essential minerals like iron, magnesium, and potassium, making it a healthier alternative to regular table salt. The unique mineral composition not only enhances the flavor of your food but also provides a range of health benefits.

Pink Salt 5.0 mm

- Himalayan Pink Salt 5.0 mm is a high-quality, coarse-grained salt harvested from the pristine salt deposits of the Himalayan mountains. Known for its distinct pink color and rich mineral content, this salt is ideal for use in salt grinders, seasoning meats, vegetables, and adding texture to dishes. The 5.0 mm grain size offers a perfect balance of granularity, making it versatile for cooking, grilling, and even as a finishing touch for dishes.

Animal lick salt

- Ali Traders proudly offers premium Animal Lick Salt, a natural and essential mineral supplement for livestock and wildlife. Our lick salt is derived from the rich salt deposits of the Himalayan region, ensuring it is 100% pure, chemical-free, and packed with vital nutrients like sodium, calcium, magnesium, and iron. Ideal for cattle, goats, sheep, horses, and wild animals. Perfect for farms, zoos, and wildlife reserves
